ATTORNEY GENERAL OF TEXAS

Mr. Eric C. Farrar
Counsel for City of Tomball
Olson & Olson, LLP
2727 Allen Parkway, Suite 600
Houston, Texas 77019-2133

OR2019-01941

Dear Mr. Farrar:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 747482 (Ref. No. COT18-009).

The City of Tomball (the "city"), which you represent, received a request for information pertaining to specified city infrastructure. You state you released some information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 of the Government Code encompasses information

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

protected by other statutes. As part of the Texas Homeland Security Act, sections 418.176 through 418.182 were added to chapter 418 of the Government Code. These provisions make confidential certain information related to terrorism. You assert the submitted information is made confidential by section 418.181 of the Government Code. Section 418.181 provides,

Those documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.

Id. § 418.181. The fact that information may relate to a governmental body's security concerns does not make the information *per se* confidential under the Texas Homeland Security Act. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the Texas Homeland Security Act must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You assert the submitted information depicts parts of the city's water and sewer systems. You assert, and we agree, the city's water and sewer systems constitute critical infrastructure for purposes of section 418.181. *See generally id.* § 421.001(2) (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or nation"). You state release of the submitted information would identify technical details of critical infrastructure which could be exploited in potential acts of terrorism. Based on your representations and our review, we find the submitted information reveals the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism. Accordingly, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.
