Dear Mr. Coleman:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 747535.

The Mission Consolidated Independent School District (the "district"), which you represent, received a request for the personnel file of a named district employee and any complaints filed against the employee. The district states it is releasing some of the requested information. The district claims some of the submitted information is excepted from disclosure under section 552.136 of the Government Code. We have considered the exception the district claims and reviewed the submitted information.

Section 552.136 of the Government Code provides, "Notwithstanding any other provision of [the Act], a credit card, debit card, charge card, or access device number that is collected, assembled, or maintained by or for a governmental body is confidential." Gov't Code § 552.136(b). Section 552.136(a) defines "access device" as "a card, plate, code, account number, personal identification number, electronic serial number, mobile identification number, or other telecommunications service, equipment, or instrument identifier or means of account access that alone or in conjunction with another access device may be used to . . . obtain money, goods, services, or another thing of value [or] initiate a transfer of funds other than a transfer originated solely by paper instrument." *Id.* § 552.136(a). The district states the information it marked consists of funding account numbers that are used, alone or in conjunction with another access device, to track, monitor, and transfer money designated for

specific purposes. Based on the district's representations, we agree the information the district marked consists of access device numbers for purposes of section 552.136. Accordingly, the district must withhold the information it marked under section 552.136 of the Government Code. The district must release the remaining information to this requestor.¹

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
