

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

February 5, 2019

Ms. Crystal Briggs
Assistant City Manager/City Secretary
City of Nolanville
101 North 5 Street
Nolanville, Texas 76559

OR2019-03320

Dear Ms. Briggs:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 755700.

The City of Nolanville (the "city") received a request for a roster of licensed police officers to include the full name and the Texas Commission on Law Enforcement ("TCOLE") identification numbers for each officer. You state the city released some information. You claim some of the submitted information is not subject to the Act. We have considered your argument.

The city notes the submitted information includes officers' TCOLE identification numbers. Section 552.002(a) of the Government Code defines "public information" as the following:

[I]nformation that is written, produced, collected, assembled, or maintained under a law or ordinance or in connection with the transaction of official business:

- (1) by a governmental body;
- (2) for a governmental body and the governmental body:
 - (A) owns the information;

(B) has a right of access to the information; or

(C) spends or contributes public money for the purpose of writing, producing, collecting, assembling, or maintaining the information; or

(3) by an individual officer or employee of a governmental body in the officer's or employee's official capacity and the information pertains to official business of the governmental body.

Gov't Code § 552.002(a). In Open Records Decision No. 581 (1990), this office determined certain computer information, such as source codes, documentation information, and other computer programming, that has no significance other than its use as a tool for the maintenance, manipulation, or protection of public property is not the kind of information made public under section 552.021 of the Government Code. We understand the officers' TCOLE identification numbers are unique computer-generated numbers assigned to peace officers for identification in TCOLE's electronic database, and may be used as an access device number on the TCOLE website. Thus, we find the officers' TCOLE numbers do not constitute public information under section 552.002 of the Government Code. Therefore, the officers' TCOLE numbers are not subject to the Act and need not be released to the requestor. The city must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
