

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

February 15, 2019

Ms. Nicole Warren
Deputy City Attorney
City of Temple
2 North Main Street, Suite 308
Temple, Texas 76501

OR2019-04383

Dear Ms. Warren:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 750560.

The City of Temple (the "city") received a request for ten categories of information pertaining to a specified incident. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note the city has only submitted medical records and video recordings pertaining to the specified incident. To the extent information responsive to the remainder of the request existed on the date the city received the request, we assume you have released it. *See* Open Records Decision No. 664 (2000) (if governmental body concludes no exceptions apply to requested information, it must release information as soon as possible). If you have not released any such information, you must do so at this time. *See* Gov't Code §§ 552.301(a), .302.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661(a) provides:

A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). Upon review of the information at issue, we determine the requestor provided the information required by section 1701.661(a) of the Occupations Code for release of the submitted body worn camera recording. The recording at issue reflects it was required to be made by law or the policies of the city and relate to a law enforcement purpose. *See id.* § 1701.661(h). We understand the recording is or could be used as evidence in a criminal prosecution. *See id.* § 1701.661(d) (stating information “that is or could be used as evidence in a criminal prosecution is subject to the requirements of [the Act.]”). Additionally, we have no indication the recording documents an incident that involves the use of deadly force by an officer or relates to an administrative or criminal investigation of an officer. *See id.* § 1701.660(a). The recording demonstrates it was not made in a private space for the purposes of section 1701.661(f). *See id.* §§ 1701.661(f), .651(3) (defining “private space” for purposes of section 1701.661(f)). We note, however, section 1701.661(f) provides, in relevant part:

A law enforcement agency may not release any portion . . . of a recording involving the investigation of conduct that constitutes a misdemeanor punishable by fine only and does not result in arrest, without written authorization from the person who is the subject of that portion of the recording or, if the person is deceased, from the person’s authorized representative.

Id. § 1701.661(f). The city states the video recordings at issue consist of body worn camera recordings involving an investigation of conduct that constitutes a misdemeanor punishable by fine only and which did not result in an arrest. The city states it does not have permission for release from all of the subjects of the recordings at issue. *See id.* Accordingly, we find the city must withhold the submitted body worn camera recording under section 552.101 of the Government Code in conjunction with section 1701.661(f) of the Occupations Code. However, the remaining information at issue consists of dashboard camera recordings from a city police vehicle. We find this information does not consist of body worn camera recordings. Therefore, the remaining information is not subject to section 1701.661 of the Occupations Code and the city may not withhold any portion of the remaining video recordings under section 552.101 of the Government Code on that basis. Accordingly, we will consider additional exceptions to disclosure of the remaining information at issue.

Section 552.101 of the Government Code also encompasses section 773.091 of the Health and Safety Code, which provides, in relevant part:

(b) Records of the identity, evaluation or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex, occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(b), (g). Except for the information specified in section 773.091(g), emergency medical services (“EMS”) records are deemed confidential under section 773.091. Upon review, we find Exhibit C constitutes records of the identity, evaluation, or treatment of a patient by EMS personnel. Thus, except for the information subject to section 773.091(g), the city must withhold Exhibit C under section 552.101 of the Government Code in conjunction with section 773.091(b) of the Health and Safety Code.

Section 552.130 of the Government Code provides information relating to a motor vehicle operator’s license, driver’s license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is excepted from public release.¹ Gov’t Code § 552.130. We note section 552.130 protects privacy interests. Thus, the requestor has a right of access to her client’s motor vehicle record information. *See id.* § 552.023(a) (person or person’s authorized representative has a special right of access, beyond the right of the general public, to information held by a governmental body that relates to the person and that is protected from public disclosure by laws intended to protect that person’s privacy interests); Open Records Decision No. 481 at 4 (1987) (privacy theories not implicated when individual requests information concerning herself). In this instance, the requestor may also have a right of access to some of the remaining motor vehicle record information at issue under section 552.023 of the Government Code. However, because we are unable to determine whether the information at issue belongs to the requestor’s client, we must rule conditionally. To the extent the motor vehicle record information we have indicated belongs to the requestor’s client, she has a right of access under section 552.023 to this information, and the city may not withhold such information under section 552.130 from the requestor. To the extent the motor vehicle

¹The Office of the Attorney General will raise a mandatory exception on behalf of a governmental body but ordinarily will not raise other exceptions. *See* Open Records Decision Nos. 481 (1987), 480 (1987), 470 (1987).

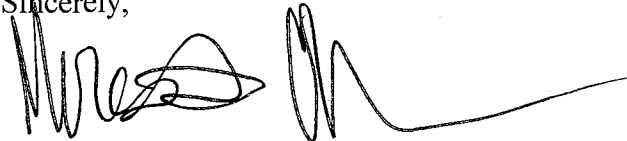

record information we have indicated does not belong to the requestor's client, the city must withhold the information we indicated under section 552.130 of the Government Code.

In summary, the city must withhold the submitted body worn camera recording under section 552.101 of the Government Code in conjunction with section 1701.661(f) of the Occupations Code. Except for the information subject to section 773.091(g), the city must withhold Exhibit C under section 552.101 of the Government Code in conjunction with section 773.091(b) of the Health and Safety Code. To the extent the motor vehicle record information we have indicated does not belong to the requestor's client, the city must withhold the information we indicated under section 552.130 of the Government Code. The city must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
