

KEN PAXTON  
ATTORNEY GENERAL OF TEXAS

February 20, 2019

Ms. Mary Kay Fischer  
City Attorney  
City of Friendswood  
910 South Friendswood Drive  
Friendswood, Texas 77546-4856

OR2019-04720

Dear Ms. Fischer:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 751671 (City Ref# W010340-120318).

The City of Friendswood (the "city") received a request for a water main map of a specified location. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes. Sections 418.176 through 418.182 were added to chapter 418 of the Government Code as part of the Texas Homeland Security Act ("HSA"). You claim the submitted information is excepted from disclosure under section 418.181 of the Government Code. Section 418.181 of the Government Code provides "[t]hose documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism." *Id.* § 418.181; *see also id.* § 421.001 (defining critical infrastructure to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, and functions vital to the state or the nation"). The fact that information may relate to a governmental body's security concerns or emergency management activities does not

make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state the submitted information is related to the city's water system. You assert, and we agree, the city's water system is critical infrastructure for purposes of section 418.181. *See generally id.* § 421.001 (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation"). You explain the information identifies the location and size of water mains, as well as the locations of gate valves and hydrants, and thus reveals technical details of particular vulnerabilities of the city's water system. Based on your arguments and our review, we find you have demonstrated release of the submitted information would identify the technical details of particular vulnerabilities of the city's water system to an act of terrorism. Thus, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
