

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

February 25, 2019

Mr. Neal Falgoust
Assistant City Attorney
City of Austin
P.O. Box 1088
Austin, Texas 78767

OR2019-05290

Dear Mr. Falgoust:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID#752230 (PIR C015556).

The City of Austin (the "city") received a request for a specified contract and any other communications with a specified third party regarding a specified biomass plant. You claim the submitted information is excepted from disclosure under section 552.133 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.133 of the Government Code excepts from disclosure a public power utility's information that is "reasonably related to a competitive matter." Gov't Code § 552.133(b). Section 552.133 provides, in relevant part, the following:

- (a) In this section, "public power utility" means an entity providing electric or gas utility services that is subject to the provisions of this chapter.

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

(a-1) For purposes of this section, “competitive matter” means a utility-related matter that is related to the public power utility’s competitive activity, including commercial information, and would, if disclosed, give advantage to competitors or prospective competitors. The term:

(1) means a matter that is reasonably related to the following categories of information:

(A) generation unit specific and portfolio fixed and variable costs, including forecasts of those costs, capital improvement plans for generation units, and generation unit operating characteristics and outage scheduling;

(B) bidding and pricing information for purchased power, generation and fuel, and Electric Reliability Council of Texas bids, prices, offers, and related services and strategies; [and]

(C) effective fuel and purchased power agreements and fuel transportation arrangements and contracts[.]

Id. § 552.133(a), (a-1)(1)(A)-(C). Section 552.133(a-1)(2) provides fifteen categories of information that are not competitive matters. *Id.* § 552.133(a-1)(2).

You state the city, doing business as Austin Energy, is a city-owned utility that is a public power utility for purposes of section 552.133. You inform us some of the submitted information consists of a power purchase agreement for electricity and contains the terms on which Austin Energy will purchase generated electric power and the rates it will pay for that power. Additionally, you state the remaining information consists of communications related to the implementation of the power purchase agreement at issue. You assert release of the information at issue would result in competitive harm to Austin Energy. The information at issue is not among the fifteen categories of information expressly excluded from the definition of “competitive matter” by section 552.133(a-1)(2). Based on our review of the arguments and the submitted information, we find the submitted information relates to a competitive matter as defined under section 552.133(a-1). Thus, we conclude the city must withhold the submitted information from disclosure under section 552.133 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
