Dear Ms. Bass-Domel:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 759564.

The Williamson County Sheriff's Office (the "sheriff's office") received a request for a specified incident report. You claim the submitted information is excepted from disclosure under sections 552.108 and 552.130 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Initially, we note the submitted information includes an arrestee's intoxilyzer test results. Full information concerning the analysis of the specimen must be made available upon the request of the person who has given the specimen at the request of a peace officer. *See* Transp. Code § 724.018. Here, the requestor is the individual who submitted the specimen. You seek to withhold this information under section 552.108 of the Government Code. However, we note a statutory right of access generally prevails over the exceptions to public disclosure under the Act. *See, e.g.,* Open Records Decision Nos. 613 at 4 (1993) (exceptions in Act cannot impinge on statutory right of access to information), 451 (1986) (specific statutory right of access provisions overcome general exception to disclosure under the Act).

Thus, the sheriff's office must release the test results, which we have marked, to this requestor pursuant to section 724.018 of the Transportation Code.

Section 552.108(a)(1) of the Government Code excepts from disclosure "[i]nformation held by a law enforcement agency or prosecutor that deals with the detection, investigation, or prosecution of crime ...if... release of the information would interfere with the detection, investigation, or prosecution of crime[.]" Gov't Code § 552.108(a)(1). A governmental body claiming section 552.108(a)(1) must explain how and why this exception is applicable to the information at issue. *See id.* §§ 552.108(a)(1), .301(e)(1)(A); *see also Ex parte Pruitt*, 551 S. W.2d 706 (Tex. 1977). You state the information at issue relates to a pending criminal prosecution. Based upon your representation, we conclude release of the remaining information will interfere with the detection, investigation, or prosecution of crime. *See Houston Chronicle Publ'g Co. v. City of Houston*, 531 S.W.2d 177 (Tex. Civ. App.—Houston [14th Dist.] 1975) (court delineates law enforcement interests that are present in active cases), *writ ref'd n.r.e. per curiam*, 536 S.W.2d 559 (Tex. 1976). Accordingly, section 552.108(a)(1) of the Government Code is applicable to the remaining information.

However, section 552.108 does not except from disclosure "basic information about an arrested person, an arrest, or a crime." Gov't Code § 552.108(c). Section 552.108(c) refers to the basic "front-page" information held to be public in *Houston Chronicle*. *See* 531 S.W.2d at 186-187; *see also* Open Records Decision No. 127 (1976) (summarizing types of information considered to be basic information). We note basic information does not include motor vehicle record information subject to section 552.130 of the Government Code. ORD 127 at 3-4. Thus, with the exception of basic information, the sheriff's office may withhold the remaining information under section 552.108(a)(1) of the Government Code.

In summary, the sheriff's office must release the test results we have marked pursuant to section 724.018 of the Transportation Code. With the exception of basic information, which must be released, the sheriff's office may withhold the remaining information under section 552.108(a)(1) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
