Ms. Laura Cedillo
Assistant City Attorney
City of San Antonio
P.O. Box 839966

OR2019-06801

Dear Ms. Cedillo:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 758538 (COSA File No. W248259-011819).

The City of San Antonio (the "city") received a request for bid records pertaining to a specified request for proposals. Although you take no position as to whether the submitted information is excepted under the Act, you state release of this information may implicate the proprietary interests of Sound Design Studio ("Sound Design"). Accordingly, you state, and provide documentation showing, you notified Sound Design of the request for information and of its right to submit arguments to this office as to why the information at issue should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have received comments from Sound Design. We have considered the submitted arguments and reviewed the submitted information.

Section 552.104(a) of the Government Code excepts from disclosure "information that, if released, would give advantage to a competitor or bidder." Gov't Code § 552.104(a). A private third party may invoke this exception. *Boeing Co. v. Paxton*, 466 S.W.3d 831 (Tex. 2015). The "test under section 552.104 is whether knowing another bidder's [or competitor's information] would be an advantage, not whether it would be a decisive advantage." *Id.* at 841. Sound Design states it has competitors. Sound Design also states that release of the information at issue would give its competitors an unfair advantage in competing with Sound Design in future bid requests. For many years, this office concluded the terms of a contract and especially the pricing of a winning bidder are public and generally not excepted from disclosure. Gov't Code § 552.022(a)(3) (contract involving receipt or expenditure of public funds expressly made public); Open Records Decision Nos. 541 at 8

(1990) (public has interest in knowing terms of contract with state agency), 514 (1988) (public has interest in knowing prices charged by government contractors), 494 (1988) (requiring balancing of public interest in disclosure with competitive injury to company). *See generally* Freedom of Information Act Guide & Privacy Act Overview, 219 (2000) (federal cases applying analogous Freedom of Information Act reasoning that disclosure of prices charged government is a cost of doing business with government). However, now, pursuant to *Boeing*, section 552.104 is not limited only to ongoing competitive situations, and a third party need only show release of its competitively sensitive information would give an advantage to a competitor even after a contract is executed. *Boeing*, 466 S.W.3d at 831, 839. After review of the information at issue and consideration of the arguments, we find Sound Design has established the release of the information at issue would give an advantage to a competitor or bidder. Thus, we conclude the city may withhold the submitted information under section 552.104(a) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
