

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

March 20, 2019

Ms. Nicole Warren
Deputy City Attorney
City of Temple
2 North Main Street, Suite 308
Temple, Texas 76501

OR2019-07746

Dear Ms. Warren:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 755313.

The City of Temple (the "city") received a request for ten points of information pertaining to a specified incident involving the requestor's client. You claim some of the submitted information was not properly requested pursuant to section 1701.661 of the Occupations Code. You also claim some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered your arguments and reviewed the submitted information.

Initially, we note you have only submitted a prehospital care report, a body worn camera recording, and dashboard camera recordings in response to the request for information. To the extent any additional information responsive to the request existed on the date the city received the request, we assume the city has released it. If the city has not released any such information, it must do so at this time. *See* Gov't Code §§ 552.301(a), .302; *see also* Open Records Decision No. 664 (2000) (if governmental body concludes no exceptions apply to requested information, it must release information as soon as possible).

Next, as you acknowledge, the submitted information includes a city police officer's body worn camera recording. Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661(a) of the Occupations Code provides:

A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). In this instance, the requestor does not provide the requisite information under section 1701.661(a). As the body worn camera recording at issue was not properly requested pursuant to chapter 1701, our ruling does not reach this information and it need not be released. However, pursuant to section 1701.661(b), a "failure to provide all the information required by [s]ubsection (a) to be part of a request for recorded information does not preclude the requestor from making a future request for the same recorded information." *Id.* § 1701.661(b). We note the remaining video recordings consist of dashboard camera video recordings. This information does not consist of body worn camera recordings. Therefore, the remaining video recordings are not subject to chapter 1701 of the Occupations Code and the city may not withhold them on that basis.

Section 552.101 of the Government Code excepts from public disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information made confidential by section 773.091 of the Health and Safety Code, which provides, in part:

(b) Records of the identity, evaluation, or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex,

occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(b), (g). Except for the information specified in section 773.091(g), emergency medical services records are deemed confidential under section 773.091 and may only be released in accordance with chapter 773 of the Health and Safety Code. *See id.* §§ 773.091-.094. Upon review, we agree the information in Exhibit C consists of records of the identity, evaluation, or treatment of a patient made and maintained by emergency medical services personnel. Thus, section 773.091 is applicable to this information. Accordingly, with the exception of information subject to section 773.091(g) of the Health and Safety Code, the city must withhold the information in Exhibit C under section 552.101 of the Government Code in conjunction with section 773.091(b) of the Health and Safety Code.

Section 552.130 of the Government Code excepts from public disclosure information relating to a motor vehicle operator's or driver's license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country.¹ *See* Gov't Code § 552.130. Accordingly, the city must withhold all visible license plates within the remaining video recordings under section 552.130 of the Government Code.

In summary, as the body worn camera recording at issue was not properly requested pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released. With the exception of information subject to section 773.091(g) of the Health and Safety Code, which must be released, the city must withhold the information in Exhibit C under section 552.101 of the Government Code in conjunction with section 773.091(b) of the Health and Safety Code. The city must withhold all visible license plates within the remaining video recordings under section 552.130 of the Government Code. The city must release the remaining information.

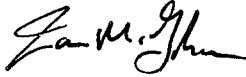

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
