Ms. Sarah Parker
Associate General Counsel
Texas Department of Transportation

OR2019-08302

Dear Ms. Parker:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 756235.

The Texas Department of Transportation (the "department") received a request for information pertaining to accident history, communications, agendas and meeting minutes regarding a specified highway for a period of time, and correspondence with a named official.¹ You claim the submitted information is excepted from disclosure under section 552.111 of the Government Code and privileged under section 409 of title 23 of the United States Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note you have only submitted information pertaining to the accident history and the agenda and meeting minutes pertaining to the specified highway. Although you state the department has submitted a representative sample of the requested information, we find the submitted information is not representative of all the types of information to which the requestor seeks access. Please be advised, this open records letter ruling applies only to the

¹We note the department sought and received clarification of the information requested. See Gov't Code § 552.222 (providing if request for information is unclear, governmental body may ask requestor to clarify request); see also *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding when governmental entity, acting in good faith, requests clarification of unclear or overbroad request for public information, ten-business-day period to request attorney general opinion is measured from date request is clarified or narrowed).

types of information you have submitted for our review. This ruling does not authorize the department to withhold any information that is substantially different from the types of information you submitted to this office. *See* Gov't Code § 552.302 (where request for attorney general decision does not comply with requirements of Gov't Code § 552.301, information at issue is presumed to be public). Accordingly, to the extent any additional information existed on the date the department received the request, we assume you have released it. If you have not released any such information, you must do so at this time. *See id.* §§ 552.301(a), .302; *see also* Open Records Decision No. 664 (2000) (if governmental body concludes no exceptions apply to requested information, it must release information as soon as possible).

Section 552.111 of the Government Code excepts from disclosure “an interagency or intraagency memorandum or letter that would not be available by law to a party in litigation with the agency[.]” Gov't Code § 552.111. Section 552.111 encompasses information that is protected by civil discovery privileges. *See* Open Records Decision Nos. 647 at 3 (1996), 251 at 2-4 (1980). You contend that the submitted information is excepted from disclosure under section 552.111 because it would be privileged from discovery under section 409 of title 23 of the United States Code. Section 409 provides as follows:

Notwithstanding any other provision of law, reports, surveys, schedules, lists, or data compiled or collected for the purpose of identifying, evaluating, or planning the safety enhancement of potential accident sites, hazardous roadway conditions, or railway-highway crossings, pursuant to sections 130, 144, and 148 of this title or for the purpose of developing any highway safety construction improvement project which may be implemented utilizing Federal-aid highway funds shall not be subject to discovery or admitted into evidence in a Federal or State court proceeding or considered for other purposes in any action for damages arising from any occurrence at a location mentioned or addressed in such reports, surveys, schedules, lists, or data.

23 U.S.C. § 409. Federal courts have stated that section 409 excludes from evidence data compiled for purposes of highway and railroad crossing safety enhancement and construction for which a state receives federal funding, in order to facilitate candor in administrative evaluations of highway safety hazards and to prevent federally required record-keeping from being used for purposes of private litigation. *See Harrison v. Burlington N. R.R.*, 965 F.2d 155, 160 (7th Cir. 1992); *Robertson v. Union Pac. R.R.*, 954 F.2d 1433, 1435 (8th Cir. 1992); *see also Pierce County v. Guillen*, 537 U.S. 129 (2003) (upholding constitutionality of 23 U.S.C. § 409, relied on by county in denying request under state's Public Disclosure Act).

You state the submitted information pertains to a roadway that is part of the National Highway System under section 103 of title 23 of the United States Code and is, therefore, a federal-aid highway for the purposes of section 409 of title 23. You inform us the submitted

information is used for highway safety purposes. You contend the submitted information would be privileged from discovery in civil litigation under section 409 and is therefore excepted from disclosure under section 552.111 of the Government Code. Based on your representations, we conclude the department may withhold the submitted information under section 552.111 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
