

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

March 27, 2019

Ms. Lola Dada-Olley
Assistant City Attorney
City of Plano
P.O. Box 860358
Plano, Texas 75086-0358

OR2019-08399

Dear Ms. Dada-Olley:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 756739 (Plano File No. FD19-001).

The City of Plano (the "city") received a request for emergency responder site maps of every apartment community in the city and a list of apartment communities in the city including the name of each community and its address.¹ You state the city has released some of the requested information. You claim the remaining responsive information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.²

¹We note the city received clarification regarding this request. *See* Gov't Code § 552.222(b) (governmental body may communicate with requestor for purpose of clarifying or narrowing request for information); *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding that when a governmental entity, acting in good faith, requests clarification or narrowing of an unclear or over-broad request for public information, the ten-day period to request an attorney general ruling is measured from the date the request is clarified or narrowed).

²We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

Section 552.101 of the Government Code exempts from public disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. Section 552.101 of the Government Code encompasses information protected by other statutes. As part of the Texas Homeland Security Act, sections 418.176 through 418.182 were added to chapter 418 of the Government Code. These provisions make confidential certain information related to terrorism. You assert the submitted information is made confidential by sections 418.181 and 418.182 of the Government Code.

Section 418.181 provides,

Those documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.

Id. § 418.181. Section 418.182 provides, in relevant part,

(a) Except as provided by Subsections (b) and (c), information, including access codes and passwords, in the possession of a governmental entity that relates to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity is confidential.

Id. § 418.182(a). The fact that information may relate to a governmental body’s security concerns does not make the information *per se* confidential under the Texas Homeland Security Act. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the Texas Homeland Security Act must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You assert the properties at issue are critical infrastructure and release of the submitted information would reveal the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism. We note the information at issue depicts the locations of city fire hydrants. We agree the city’s fire hydrants, which are part of the city’s water system are critical infrastructure. *See generally id.* § 421.001 (defining “critical infrastructure” to include “all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation”). Based on your arguments and our review, we agree the submitted information reveals the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism or relate to the location of a security system used to protect public or private

property from an act of terrorism or related criminal activity. Accordingly, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with sections 418.181 and 418.182 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

Jennifer Copeland
Assistant Attorney General
Open Records Division
