ATTORNEY GENERAL OF TEXAS

Ms. Judy Hickman
Assistant Supervisor
Beaumont Police Department
P.O. Box 3827
Beaumont, Texas 77704

OR2019-08906

Dear Ms. Hickman:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 757472.

The Beaumont Police Department (the "department") received a request for information pertaining to a motor vehicle accident involving the requestor's client. You state the department will release most of the information to the requestor. You claim the submitted body worn camera recordings were not properly requested pursuant to section 1701.661 of the Occupations Code. You also claim some of the submitted information is excepted from disclosure under section 552.130 of the Government Code. We have considered your arguments and reviewed the submitted information.

We note, and you acknowledge, the submitted information includes peace officers' body worn camera recordings. Body worn cameras are subject to chapter 1701 of the Occupations Code, which provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661(a) provides the following:

A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). In this instance, the requestor did not give the requisite information under section 1701.661(a). Because the requestor did not properly request the body worn camera recordings at issue pursuant to chapter 1701, our ruling does not reach this information and the department need not release it.¹ However, pursuant to section 1701.661(b), a “failure to provide all the information required by Subsection (a) to be part of a request for recorded information does not preclude the requestor from making a future request for the same recorded information.” *Id.* § 1701.661(b).

Section 552.130 of the Government Code provides information relating to a motor vehicle operator’s license, driver’s license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is excepted from public release. *See Gov’t Code* § 552.130. We note the remaining information at issue consists of dash camera video recordings, some of which contain confidential motor vehicle record information excepted from disclosure under section 552.130. You state the department lacks the technological capability to redact this information from the video recordings at issue. Accordingly, the department must withhold the dash camera video recordings we have indicated in their entireties under section 552.130 of the Government Code. *See Open Records Decision No. 364 (1983).*

In summary, as the requestor did not properly request the body worn camera recordings at issue pursuant to chapter 1701, our ruling does not reach this information and the department need not release it. The department must withhold the dash camera video recordings we have indicated in their entireties under section 552.130 of the Government Code. The department must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

¹As we are able to make this determination, we need not address your arguments against disclosure of this information.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
