Re: Request for body worn camera and dashboard camera recordings regarding a specified incident.

Dear Ms. Lewis:

The Office of the Attorney General has received your request for a ruling and assigned your request ID# 763892 (OR# 19-01739).

After reviewing your arguments and the submitted information, we have determined your request does not present a novel or complex issue. Thus, we are addressing your claims in a memorandum opinion. Initially, we note the requestor only asked for body worn camera and dashboard camera recordings. This ruling does not address the public availability of any information that is not responsive to the request and you are not required to release such information in response to this request. You claim the submitted responsive information may be withheld from the requestor pursuant to section 552.108(a)(1) of the Government Code. Upon review of your arguments and the submitted representative sample of information, we conclude you may withhold the submitted responsive information under section 552.108(a)(1) of the Government Code.¹

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

For more information on the cited exception, please refer to the open government information on our website at <https://www.texasattorneygeneral.gov/og/memorulings>. You may also contact our Open Government Hotline at 1-877-OPENTEX.
