

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

April 22, 2019

Ms. Jacqueline Lentz
Assistant County Attorney
Harris County
7701 Wilshire Place Drive
Houston, Texas 77040

OR2019-10598

Dear Ms. Lentz:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 761287.

The Harris County Toll Road Authority ("HCTRA") received a request for the identities of the construction contractors for and inspection reports pertaining to a specified project for a specified location.¹ HCTRA states it has released some of the requested information, but claims the submitted information is privileged under section 409 of title 23 of the United States Code. We have considered the submitted arguments and reviewed the submitted representative sample of information.²

¹After receiving the request, HCTRA sent the requestor an estimate of charges pursuant to section 552.2615 of the Government Code. *See* Gov't Code § 552.2615. The estimate of charges required the requestor to provide a deposit for payment of anticipated costs under section 552.263 of the Government Code. *See id.* § 552.263(a). HCTRA states it received the deposit on February 11, 2019. *See id.* § 552.263(e) (if governmental body requires deposit or bond for anticipated costs pursuant to section 552.263, request for information is considered to have been received on date that governmental body receives deposit or bond).

²We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

The submitted information consists of Traffic Control Devices Inspection Checklist reports that are subject to section 552.022 of the Government Code. Section 552.022(a)(1) provides for required public disclosure of “a completed report, audit, evaluation, or investigation made of, for, or by a governmental body,” unless the information is expressly confidential under the Act or other law or excepted from disclosure under section 552.111 of the Government Code. *See* Gov’t Code § 552.022(a)(1). Section 409 of title 23 of the United States Code is “other law” that makes information confidential for purposes of section 552.022(a). *See In re City of Georgetown*, 53 S.W.3d 328 (Tex. 2001); *see also Pierce County v. Guillen*, 537 U.S. 129 (2003) (upholding constitutionality of section 409, relied on by county in denying request under state’s Public Disclosure Act). Accordingly, we will consider HCTRA’s argument under section 409 for the submitted information.

Section 409 of title 23 of the United States Code provides as follows:

Notwithstanding any other provision of law, reports, surveys, schedules, lists, or data compiled or collected for the purpose of identifying, evaluating, or planning the safety enhancement of potential accident sites, hazardous roadway conditions, or railway-highway crossings, pursuant to sections 130, 144, and 148 of this title or for the purpose of developing any highway safety construction improvement project which may be implemented utilizing Federal-aid highway funds shall not be subject to discovery or admitted into evidence in a Federal or State court proceeding or considered for other purposes in any action for damages arising from any occurrence at a location mentioned or addressed in such reports, surveys, schedules, lists, or data.

23 U.S.C. § 409. Federal courts have stated section 409 excludes from evidence data compiled for purposes of highway and railroad crossing safety enhancement and construction for which a state receives federal funding, in order to facilitate candor in administrative evaluations of highway safety hazards and to prevent federally required record-keeping from being used for purposes of private litigation. *See Harrison v. Burlington N. R.R.*, 965 F.2d 155, 160 (7th Cir. 1992); *Robertson v. Union Pac. R.R.*, 954 F.2d 1433, 1435 (8th Cir. 1992); *see also Pierce*, 537 U.S. at 129.

HCTRA states the highway at issue in the submitted information is part of the National Highway System under section 144 of title 23 of the United States Code and is, therefore, a federal-aid highway for purposes of section 409. HCTRA further informs us the submitted information is used for highway safety purposes. Upon review, we conclude HCTRA may withhold the submitted information pursuant to section 409 of title 23 of the United States Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

James L. Coggeshall
Assistant Attorney General
Open Records Division
