OR2019-11854

Dear Mr. Aldrete:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 763730.

The City Public Service Board of San Antonio d/b/a CPS Energy ("CPS Energy") received a request for specified contracts. Although you take no position as to whether the submitted information is excepted under the Act, you state release of the submitted information may implicate the proprietary interests of Rolta Advizex Technologies, LLC ("Rolta") and Schneider Electric ("Schneider"). Accordingly, you state, and provide documentation showing, you notified these third parties of the request for information and of their right to submit arguments to this office as to why the submitted information should not be released. *See Gov't Code § 552.305(d)*; *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have received comments from Rolta. We have considered the submitted arguments and reviewed the submitted information.

An interested third party is allowed ten business days after the date of its receipt of the governmental body's notice to submit its reasons, if any, as to why information relating to that party should not be released. *See Gov't Code § 552.305(d)(2)(B)*. As of the date of this ruling, we have not received comments from Schneider. Thus, we have no basis to conclude Schneider has a protected proprietary interest in the submitted information. *See id.*

§ 552.110(a)-(b); Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, CPS Energy may not withhold any of the submitted information on the basis of any proprietary interest Schneider may have in the information.

Section 552.104(a) of the Government Code exempts from disclosure “information that, if released, would give advantage to a competitor or bidder.” Gov’t Code § 552.104(a). In considering whether a private third party may assert this exception, the supreme court reasoned because section 552.305(a) of the Government Code includes section 552.104 as an example of an exception that involves a third party’s property interest, a private third party may invoke this exception. *Boeing Co. v. Paxton*, 466 S.W.3d 831 (Tex. 2015). The “test under section 552.104 is whether knowing another bidder’s [or competitor’s information] would be an advantage, not whether it would be a decisive advantage.” *Id.* at 841. Rolta states it has competitors. In addition, Rolta states release of its information at issue would provide its competitors with an “advantage in a bid that favors the lowest pricing” and would enable its competitors to “obtain skills and a talent pool that could provide an advantage in a bidding process.” Rolta further seeks to withhold the terms of a contract. For many years, this office concluded the terms of a contract and especially the pricing of a winning bidder are public and generally not excepted from disclosure. Gov’t Code § 552.022(a)(3) (contract involving receipt or expenditure of public funds expressly made public); Open Records Decision Nos. 541 at 8 (1990) (public has interest in knowing terms of contract with state agency), 514 (1988) (public has interest in knowing prices charged by government contractors), 494 (1988) (requiring balancing of public interest in disclosure with competitive injury to company). *See generally* Freedom of Information Act Guide & Privacy Act Overview, 219 (2000) (federal cases applying analogous Freedom of Information Act reasoning that disclosure of prices charged government is a cost of doing business with government). However, now, pursuant to *Boeing*, section 552.104 is not limited to only ongoing competitive situations, and a third party need only show release of its competitively sensitive information would give an advantage to a competitor even after a contract is executed. *Boeing*, 466 S.W.3d 831, at 831, 842. After review of the information at issue and consideration of the arguments, we find Rolta established the release of the information at issue, which we marked, would give advantage to a competitor or bidder. Thus, we conclude CPS Energy may withhold the information we marked under section 552.104(a) of the Government Code. CPS Energy must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
