Dear Mr. Narvaez:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 776351.

The Town of Little Elm (the "town"), which you represent, received a request for information pertaining to a specified incident. The town states it released some information. You claim some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses section 826.0211(a) of the Health and Safety Code, which provides as follows:

Information contained in a rabies vaccination certificate or in any record compiled from the information contained in one or more certificates that identifies or tends to identify an owner or an address, telephone number, or other personally identifying information of an owner of a vaccinated animal is confidential and not subject to disclosure under [the Act]. The information contained in the certificate or record may not include the social security number or the driver's license number of the owner of the vaccinated animal.

Health & Safety Code § 826.0211(a). Section 826.0211 is applicable only to information contained in a rabies vaccination certificate or in a record compiled from information contained in one or more rabies vaccination certificates. Upon review, we agree the city must withhold the information it has marked under section 552.101 of the Government Code in conjunction with section 826.0211(a) of the Health and Safety Code. The city must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
