Ms. Ann-Marie Sheely  
Assistant County Attorney  
Travis County Attorney's Office

OR2019-16433

Dear Ms. Sheely:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 771305 (ORR# 688602-1).

The Travis County Purchasing Office (the "county") received a request for purchase orders and the request for solicitation for drug testing services.<sup>1</sup> The county states it is releasing some of the requested information. Although the county takes no position as to whether the submitted information is excepted under the Act, the county states release of the submitted information may implicate the proprietary interests of Decisive Services & Technologies, L.L.C., d/b/a ARCpoint Labs of Austin & San Antonio ("ARCpoint") and Occupational Health Center of Southwest PA ("OHC"). Accordingly, the county states, and provides documentation showing, it notified ARCpoint and OHC of the request for information and of the right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances).

---

<sup>1</sup>The county states it sought and received clarification of the information requested. *See* Gov't Code § 552.222 (providing if request for information is unclear, governmental body may ask requestor to clarify request); *see also* *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding that when a governmental entity, acting in good faith, requests clarification or narrowing of an unclear or overbroad request for information, the ten-day period to request an attorney general ruling is measured from the date the request is clarified or narrowed).

We have received comments from ARCpoint. We have reviewed the submitted arguments and the submitted information.

Initially, we note an interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. See Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from OHC explaining why the submitted information should not be released. Therefore, we have no basis to conclude OHC has a protected proprietary interest in the submitted information. See *id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, the county may not withhold the submitted information on the basis of any proprietary interest OHC may have in the information.

Section 552.104(a) of the Government Code excepts from disclosure "information that, if released, would give advantage to a competitor or bidder." Gov't Code § 552.104(a). A private third party may invoke this exception. *Boeing Co. v. Paxton*, 466 S.W.3d 831 (Tex. 2015). The "test under section 552.104 is whether knowing another bidder's [or competitor's information] would be an advantage, not whether it would be a decisive advantage." *Id.* at 841. ARCpoint states it has competitors. In addition, ARCpoint states release of its information would put ARCpoint at a competitive disadvantage. For many years, this office concluded the terms of a contract, and especially the pricing of a winning bidder, are public and generally not excepted from disclosure. Gov't Code § 552.022(a)(3) (contract involving receipt or expenditure of public funds expressly made public); Open Records Decision Nos. 541 at 8 (1990) (public has interest in knowing terms of contract with state agency), 514 (1988) (public has interest in knowing prices charged by government contractors), 494 (1988) (requiring balancing of public interest in disclosure with competitive injury to company); see generally Freedom of Information Act Guide & Privacy Act Overview, 219 (2000) (federal cases applying analogous Freedom of Information Act reasoning that disclosure of prices charged government is a cost of doing business with government). However, now, pursuant to *Boeing*, section 552.104 is not limited to only ongoing competitive situations, and a third party need only show release of its competitively sensitive information would give an advantage to a competitor even after a contract is executed. *Boeing*, 466 S.W.3d at 841. After review of the information at issue and consideration of the arguments, we find ARCpoint has established the release of the information at issue would give advantage to a competitor or bidder. Thus, we conclude the county may withhold ARCpoint's submitted information under section 552.104(a) of the Government Code. The county must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
