ATTORNEY GENERAL OF TEXAS

July 12, 2019

Ms. Sarah Parker
Associate General Counsel
Texas Department of Transportation
125 East 11th Street
Austin, Texas 78701-2483

OR2019-18961

Dear Ms. Parker:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 775099.

The Texas Department of Transportation (the "department") received two requests from the same requestor for the surveillance video footage from a specified location. The department claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception the department claims and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses information made confidential by other statutes, including section 418.182 of the Texas Homeland Security Act (the "HSA"), chapter 418 of the Government Code. Section 418.182 provides, in relevant part:

- (a) [I]nformation . . . in the possession of a governmental entity that relates to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity is confidential.

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

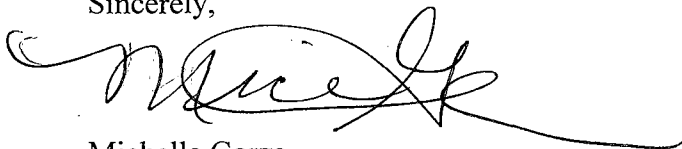

Id. § 418.182(a). The fact information may be related to a security system does not make such information *per se* confidential under section 418.182. See Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting section 418.182 must adequately explain how the responsive records fall within the scope of the statute. See Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

The department states the submitted video recording reveals the locations, video quality and clarity, camera angles, and coverage area of a security surveillance camera. The department explains the surveillance camera at issue is necessary to protect public and private property from possible acts of criminals and terrorists. Upon review, we find the submitted surveillance video recording relates to the location and specifications of a security system used to protect public or private property from an act of terrorism or related criminal activity. See *Tex. Dep't of Pub. Safety v. Abbott*, 310 S.W.3d 670 (Tex. App.—Austin 2010, no pet.) (finding confidential under section 418.182 of the HSA video recording containing images recorded by security cameras in Texas Capitol hallway because specifications of security system included cameras' capabilities and video recording demonstrated those capabilities through characteristics, quality, and clarity of images recorded). Therefore, the department must withhold the submitted video recording under section 552.101 of the Government Code in conjunction with section 418.182 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
