

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

July 18, 2019

Mr. James Kopp
Assistant City Attorney
City of San Antonio
P. O. Box 839966
San Antonio, Texas 78207

OR2019-19591

Dear Mr. Kopp:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 775885 (Reference No. W262141).

The City of San Antonio (the "city") received a request for information pertaining to a specified location during a defined period of time. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from public disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 of the Government Code also encompasses the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), which you raise for the submitted information. At the direction of Congress, the Secretary of Health and Human Services ("HHS") promulgated regulations setting privacy standards for medical records, which HHS issued as the Federal Standards for Privacy of Individually Identifiable Health Information. *See* HIPAA, 42 U.S.C. § 1320d-2 (Supp. IV 1998) (historical & statutory note); Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. Pts. 160, 164 ("Privacy Rule"); *see also* Attorney General Opinion JC-0508 at 2 (2002). These standards govern the releasability of protected health information by a covered entity. *See* 45 C.F.R. pts. 160, 164. Under these standards, a covered entity may not use or disclose protected health information, excepted as provided by parts 160 and 164 of the Code of Federal Regulations. 45 C.F.R. § 164.502(a).

This office has addressed the interplay of the Privacy Rule and the Act. Open Records Decision No. 681 (2004). In that decision, we noted section 164.512 of title 45 of the Code of Federal Regulations provides a covered entity may use or disclose protected health information to the extent such use or disclosure is required by law and the use or disclosure complies with and is limited to the relevant requirements of such law. *See* 45 C.F.R. § 164.512(a)(1). We further noted the Act “is a mandate in Texas law that compels Texas governmental bodies to disclose information to the public.” *See* ORD 681 at 8; *see also* Gov’t Code §§ 552.002, .003, .021. We therefore held the disclosures under the Act come within section 164.512(a). Consequently, the Privacy Rule does not make information confidential for the purpose of section 552.101 of the Government Code. *See Abbott v Tex. Dep’t of Mental Health & Mental Retardation*, 212 S.W.3d 648 (Tex. App.—Austin 2006, no pet.); ORD 681 at 9; *see also* Open Records Decision No. 478 (1987) (as general rule, statutory confidentiality requires express language making information confidential). Because the Privacy Rule does not make confidential information that is subject to disclosure under the Act, the city may not withhold any portion of the submitted information under section 552.101 of the Government Code in conjunction with HIPAA.

Section 552.101 of the Government Code also encompasses section 181.006 of the Health and Safety Code, which provides the following:

[F]or a covered entity that is a governmental unit, an individual’s protected health information:

- (1) includes any information that reflects that an individual received health care from the covered entity; and
- (2) is not public information and is not subject to disclosure under [the Act].

Health & Safety Code § 181.006. Section 181.001(b)(2)(A) defines “covered entity” to include any person who

(A) for commercial, financial, or professional gain, monetary fees, or dues, or on a cooperative, nonprofit, or pro bono basis, engages, in whole or in part, and with real or constructive knowledge, in the practice of assembling, collecting, analyzing, using, evaluating, storing, or transmitting protected health information. The term includes a business associate, health care payer, governmental unit, information or computer management entity, school, health researcher, health care facility, clinic, health care provider, or person who maintains an Internet site[.]

Id. § 181.001(b)(2)(A). You represent the city is a covered entity for purposes of section 181.006 of the Health and Safety Code. However, in order to determine whether the city is a covered entity, we must address whether the city engages in the practice of “assembling, collecting, analyzing, using, evaluating, storing, or transmitting protected health

information.” *Id.* Section 181.001 states “[u]nless otherwise defined in this chapter, each term that is used in this chapter has the meaning assigned by [HIPAA] and Privacy Standards.” *Id.* § 181.001(a). Accordingly, as chapter 181 does not define “protected health information,” we turn to HIPAA’s definition of the term. HIPAA defines “protected health information” as individually identifiable health information that is transmitted or maintained in electronic media or any other form or medium. *See* 45 C.F.R. § 160.103. HIPAA defines “individually identifiable health information” as information that is a subset of health information, including demographic information collected from an individual, and:

(1) Is created or received by a health care provider, health plan, employer, or health care clearinghouse; and

(2) Relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and

(i) That identifies the individual; or

(ii) With respect to which there is a reasonable basis to believe the information can be used to identify the individual.

Id. Although you represent the city is a covered entity, you have failed to demonstrate the information at issue consists of protected health information. Thus, we find the city failed to demonstrate the applicability of section 181.006 of the Health and Safety Code to the submitted information. Therefore, the city may not withhold any portion of the submitted information under section 552.101 of the Government Code on that basis.

Section 552.101 of the Government Code also encompasses information made confidential by section 773.091 of the Health and Safety Code, which provides, in part:

(a) A communication between certified emergency medical services personnel or a physician providing medical supervision and a patient that is made in the course of providing emergency medical services to the patient is confidential and privileged and may not be disclosed except as provided by this chapter.

(b) Records of the identity, evaluation, or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex, occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(a)-(b), (g). Upon review, we find you failed to demonstrate the submitted information is confidential under section 773.091. Therefore, the city may not withhold any portion of the submitted information under section 552.101 of the Government Code on that basis. Accordingly, the city must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
