Mr. Alexander Garcia  
Assistant City Attorney  
City of Corpus Christi  
P.O. Box 9277  
Corpus Christi, Texas 78469-9277

OR2019-19922

Dear Mr. Garcia:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 776307 (Ref. No. SGut1).

The Corpus Christi Police Department (the "department") received a request for a specified event report and related body worn camera recordings. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note you have not submitted any information responsive to the request for information pertaining to the specified event report. To the extent any information responsive to this portion of the request existed on the date the department received the request, we assume the department has released it. If the department has not released any such information, it must do so at this time. *See* Gov't Code §§ 552.301(a), .302; *see also* Open Records Decision No. 664 (2000) (if governmental body concludes no exceptions apply to requested information, it must release information as soon as possible).

Section 552.101 of the Government Code exempts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661(a) provides:

A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). Upon our review of the submitted information, we determine the requestor provided the requisite information required by section 1701.661(a) of the Occupations Code. The submitted video recording reflects it was required to be made by law or the policies of the department and relate to a law enforcement purpose. *See id.* § 1701.661(h). We understand the video recording is or could be used as evidence in a criminal prosecution. *See id.* § 1701.661(d) (stating information “that is or could be used as evidence in a criminal prosecution is subject to the requirements of [the Act.]”). Additionally, we have no indication the recording documents an incident that involves the use of deadly force by an officer or relates to an administrative or criminal investigation of an officer. *See id.* § 1701.660(a). We note, however, section 1701.661(f) provides, in relevant part:

A law enforcement agency may not release any portion of a recording made in a private space, or of a recording involving the investigation of conduct that constitutes a misdemeanor punishable by fine only and does not result in arrest, without written authorization from the person who is the subject of that portion of the recording or, if the person is deceased, from the person’s authorized representative.

*Id.* § 1701.661(f). Upon review, we find portions of the submitted video recording were made in private spaces. *See id.* § 1701.651(3) (defining “private space” for purposes of section 1701.661(f)). The department does not indicate it has permission for release from all of the subjects of the recording made in the private space. *See id.* § 1701.661(f). Accordingly, we find the department must withhold the information we indicated under section 552.101 of the Government Code in conjunction with section 1701.661(f) of the Occupations Code. With respect to the remaining portions of the body worn camera recording, you state the information at issue consists of an investigation of conduct that

constitutes a misdemeanor punishable by fine only and that did not result in an arrest. However, because the subject of the remaining information has consented to the release of the information at issue, we will consider the applicability of section 552.130 to the remaining information.<sup>1</sup>

Section 552.130 of the Government Code provides information relating to a motor vehicle operator's license, driver's license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is excepted from public release. *See* Gov't Code § 552.130. Accordingly, the department must withhold all visible registration stickers and license plate numbers from the remaining information under section 552.130 of the Government Code.

In summary, the department must withhold the information we indicated under section 552.101 of the Government Code in conjunction with section 1701.661(f) of the Occupations Code. The department must withhold all visible registration stickers and license plate numbers from the remaining information under section 552.130 of the Government Code. The department must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
