OR2019-20004

Dear Mr. Heath:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 776645.

The Williamson-Travis Counties Municipal Utility District No. 1 (the "district") received a request for a specified letter sent to a specified address. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 of the Government Code encompasses information protected by section 182.052 of the Utilities Code, which provides in part:

(a) Except as provided by Section 182.054, a government-operated utility may not disclose personal information in a customer's account record, or any information relating to the volume or units of utility usage or the amounts billed to or collected from the individual for utility usage, if the customer requests that the government-operated utility keep the information confidential. However, a government-operated utility may disclose information related to the customer's volume or units of utility usage or amounts billed to or collected from the individual for utility usage if the primary source of water for such utility was a sole-source designated aquifer.

(b) A customer may request confidentiality by delivering to the government-operated utility an appropriately marked form provided under Subsection (c)(3) or any other written request for confidentiality.

Util. Code § 182.052(a)-(b). “Personal information” under section 182.052(a) means an individual’s address, telephone number, or social security number, but does not include the individual’s name. *See id.* § 182.051(4); *see also* Open Records Decision No. 625 (1994) (construing statutory predecessor). Water, sewer, garbage collection, and electricity services are included in the scope of utility services covered by section 182.052. Util. Code § 182.051(3). Section 182.054 of the Utilities Code provides six exceptions to the disclosure prohibition found in section 182.052. *See id.* § 182.054.

You assert the submitted information contains the personal information of utility customers. You state one of the customers at issue has elected confidentiality for the account at issue. There is also no indication the exceptions listed in section 182.054 apply. Accordingly, the city must withhold the information we marked under section 552.101 of the Government Code in conjunction with section 182.052(a) of the Utilities Code. However, the remaining information is not confidential under section 182.052(a), and the city may not withhold it under section 552.101 on that ground. As no further exceptions are raised, the city must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
