Ms. Jennifer Burnett  
Senior Attorney & Public Information Coordinator  
The University of Texas System  
210 West 7th Street  
Austin, Texas 78701-2901

OR2019-20409

Dear Ms. Burnett:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 776909 (OGC# 190458).

The University of Texas at Austin (the "university") received a request for six categories of information pertaining to named university employees. You states you have released some of the requested information. You claim some of the submitted information is excepted from disclosure under sections 552.107, 552.111, and 552.116 of the Government Code. Additionally, you state release of this information may implicate the proprietary interests of Alpheus Media; Arts + Labor; Hack Studios; and NLM Communications. Accordingly, you state, and provide documentation showing, you notified these third parties of the request for information and of their right to submit arguments to this office as to why the information at issue should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have considered the exceptions you claim and reviewed the submitted information.

We note an interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) of the Government Code to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not

received comments from these third parties explaining why the submitted information should not be released. Therefore, we have no basis to conclude those parties have protected proprietary interests in the submitted information. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, the university may not withhold any portion of the submitted information related to those third parties on the basis of any proprietary interest they may have in the information.

Section 552.107(1) of the Government Code protects information coming within the attorney-client privilege. When asserting the attorney-client privilege, a governmental body has the burden of providing the necessary facts to demonstrate the elements of the privilege in order to withhold the information at issue. *See* Open Records Decision No. 676 at 6-7 (2002). First, a governmental body must demonstrate the information constitutes or documents a communication. *Id.* at 7. Second, the communication must have been made “to facilitate the rendition of professional legal services” to the client governmental body. TEX. R. EVID. 503(b)(1). The privilege does not apply when an attorney or representative is involved in some capacity other than that of providing or facilitating professional legal services to the client governmental body. *In re Tex. Farmers Ins. Exch.*, 990 S.W.2d 337, 340 (Tex. App.—Texarkana 1999, orig. proceeding) (attorney-client privilege does not apply if attorney acting in capacity other than that of attorney). Governmental attorneys often act in capacities other than that of professional legal counsel, such as administrators, investigators, or managers. Thus, the mere fact that a communication involves an attorney for the government does not demonstrate this element. Third, the privilege applies only to communications between or among clients, client representatives, lawyers, and lawyer representatives. TEX. R. EVID. 503(b)(1). Thus, a governmental body must inform this office of the identities and capacities of the individuals to whom each communication at issue has been made. Lastly, the attorney-client privilege applies only to a confidential communication, *id.* 503(b)(1), meaning it was “not intended to be disclosed to third persons other than those: (A) to whom disclosure is made to further the rendition of professional legal services to the client; or (B) reasonably necessary to transmit the communication.” *Id.* 503(a)(5). Whether a communication meets this definition depends on the *intent* of the parties involved at the time the information was communicated. *See Osborne v. Johnson*, 954 S.W.2d 180, 184 (Tex. App.—Waco 1997, orig. proceeding). Moreover, because the client may elect to waive the privilege at any time, a governmental body must explain the confidentiality of a communication has been maintained. Section 552.107(1) generally excepts an entire communication that is demonstrated to be protected by the attorney-client privilege unless otherwise waived by the governmental body. *See Huie v. DeShazo*, 922 S.W.2d 920, 923 (Tex. 1996) (privilege extends to entire communication, including facts contained therein).

You state the information you marked consists of communications between university attorneys and employees that were made for the purpose of providing legal services to the university. You state the communications were intended to be confidential and have remained confidential. Based on your representations and our review, we find the information you marked consists of privileged attorney-client communications. Therefore, the university may withhold the information you marked under section 552.107(1) of the Government Code.

Section 552.116 of the Government Code provides,

(a) An audit working paper of an audit of the state auditor or the auditor of a state agency, an institution of higher education as defined by Section 61.003, Education Code, a county, a municipality, a school district, a hospital district, or a joint board operating under Section 22.074, Transportation Code, including any audit relating to the criminal history background check of a public school employee, is excepted from [required public disclosure]. If information in an audit working paper is also maintained in another record, that other record is not excepted from [public disclosure] by this section.

(b) In this section:

(1) "Audit" means an audit authorized or required by a statute of this state or the United States, the charter or an ordinance of a municipality, an order of the commissioners court of a county, the bylaws adopted by or other action of the governing board of a hospital district, a resolution or other action of a board of trustees of a school district, including an audit by the district relating to the criminal history background check of a public school employee, or a resolution or other action of a joint board described by Subsection (a) and includes an investigation.

(2) "Audit working paper" includes all information, documentary or otherwise, prepared or maintained in conducting an audit or preparing an audit report, including:

(A) intra-agency and interagency communications; and

(B) drafts of the audit report or portions of those drafts.

Gov't Code § 552.116. You state the university is an institution of higher education for purposes of section 61.003 of the Education Code. *See* Educ. Code § 61.003. You contend the information you marked was created and maintained in furtherance of independent audits conducted by the university's Office of Internal Audits. You inform us audits such as this

are authorized by the Texas Internal Auditing Act, chapter 2102 of the Texas Government Code. *See* Gov't Code §§ 2102.003 (defining types of audits), .005 (requiring state agencies to conduct internal audits), .007 (relating to duties of internal auditor). Based on your representations and our review, we agree the information at issue consists of audit working papers as defined in section 552.116(b)(2). Therefore, the university may withhold the information you marked under section 552.116 of the Government Code.<sup>1</sup>

In summary, the university may withhold the information you marked under section 552.107(1) of the Government Code. The university may withhold the information you marked under section 552.116 of the Government Code. The university must release the remaining information.
