

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

July 26, 2019

Ms. Esther Peña
Administrative Assistant
City of Laredo
P. O. Box 579
Laredo, Texas 78042-0579

OR2019-20519

Dear Ms. Peña:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the “Act”), chapter 552 of the Government Code. Your request was assigned ID# 778560 (W012173-041619).

The City of Laredo (the “city”) received a request for the construction plans for the World Trade International Bridge. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code.¹ We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. Section 552.101 of the Government Code encompasses information protected by other statutes. As part of the Texas Homeland Security Act, sections 418.176 through 418.182 were added to chapter 418 of the Government Code. These provisions make confidential certain information related to terrorism. You assert the submitted information is made confidential by section 418.181 of the Government Code. Section 418.181 provides:

Those documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.

¹We note the city failed to comply with the procedural requirements of section 552.301 of the Government Code in requesting a decision from this office. *See* Gov’t Code § 552.301(b), (e). Nonetheless, section 552.101 of the Government Code can provide a compelling reason to overcome the presumption of openness caused by failure to comply with section 552.301. *See id.* §§ 552.007, .302. Thus, we will address the applicability of this exception to the submitted information, notwithstanding the city’s violation of section 552.301 in requesting this decision.

Id. § 418.181. The fact that information may relate to a governmental body's security concerns does not make the information *per se* confidential under the Texas Homeland Security Act. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the Texas Homeland Security Act must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

We note the submitted information relates to an international commercial bridge (the "bridge"). We note this bridge is critical infrastructure for purposes of section 418.181. *See generally id.* § 421.001 (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation"). You explain the submitted information "could be used to identify the technical details of particular vulnerabilities of the critical infrastructure at issue to an act of terrorism." Based on your arguments and our review, we find you have demonstrated release of the submitted information would identify the technical details of particular vulnerabilities of the bridge to an act of terrorism. Thus, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
