Mr. Matthew Murray
Assistant City Attorney
City of Fort Worth
200 Texas Street, 3rd Floor

OR2019-21583

Dear Mr. Miller:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 779090 (PIR# W085251).

The City of Fort Worth (the "city") received a request for all information related to two specified dogs. You state the city has released some information. You claim some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses section 826.0311 of the Health and Safety Code, which states, in relevant part, the following:

(a) Information that is contained in a municipal or county registry of dogs and cats under Section 826.031 that identifies or tends to identify the owner or an address, telephone number, or other personally identifying information of the owner of the registered dog or cat is confidential and not subject to disclosure under [the Act]. The information contained in the registry may not include the social security number or the driver's license number of the owner of the registered animal.

(b) The information may be disclosed only to a governmental entity or a person that, under a contract with a governmental entity, provides animal control services or animal registration services for the governmental entity for

purposes related to the protection of public health and safety. A governmental entity or person that receives the information must maintain the confidentiality of the information, may not disclose the information under [the Act], and may not use the information for a purpose that does not directly relate to the protection of public health and safety.

Health & Safety Code § 826.0311(a), (b). You state the information at issue consists of personally identifying information of the owner of a registered animal. You also inform us the information at issue is maintained in a computer database used by the city's Animal Control Department (the "department"). You explain the department maintains the registry through a computer database using PetPoint software, and state the information at issue was pulled directly from the pet registry through the PetPoint database. You also state the exception in section 826.0311(b) does not apply. Upon review, we agree the city must withhold the information you marked under section 552.101 of the Government Code in conjunction with section 826.0311(a) of the Health and Safety Code. The city must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
