Ms. Alaina Smith  
Staff Attorney  
Katy Independent School District  
6301 South Stadium Lane  
Katy, Texas 77494

OR2019-23627

Dear Ms. Smith:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 782386 (PIR# 18963).

The Katy Independent School District (the "district") received a request for a specified case file, including specified video recordings. You state you have released some information to the requestor. You claim the submitted information is excepted from disclosure under sections 552.101 and 552.108 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Initially, we note the submitted information includes a district police officer's body worn camera recording. Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661 provides, in relevant part, the following:

(a) A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and

(3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). In this instance, the requestor does not provide the requisite information under section 1701.661(a). As the body worn camera recording at issue was not properly requested pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released.<sup>1</sup> However, pursuant to section 1701.661(b), a “failure to provide all the information required by [s]ubsection (a) to be part of a request for recorded information does not preclude the requestor from making a future request for the same recorded information.” *Id.* § 1701.661(b).

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. This exception encompasses information made confidential by other statutes, including section 418.182 of the Texas Homeland Security Act (the “HSA”), chapter 418 of the Government Code. Section 418.182 provides, in relevant part:

(a) [i]nformation . . . in the possession of a governmental entity that relates to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity is confidential.

*Id.* § 418.182(a). The fact that information may be related to a security system does not make such information per se confidential under section 418.182. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting section 418.182 must adequately explain how the responsive records fall within the scope of the statute. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

The remaining information consists of surveillance video footage from a district school. You state release of this information would reveal the “characteristics, quality, clarity, and capabilities of the [d]istrict’s security system[.]” You state the district’s security system is used “to protect its campuses from terrorism and related criminal activity.” Upon review, we find the remaining video recordings relate to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity. *See Tex. Dep’t of Pub. Safety v. Abbott*, 310 S.W.3d 670 (Tex. App.—Austin 2010, no pet.) (finding confidential under section 418.182 of the HSA video recording containing images recorded by security cameras in Texas Capitol hallway because specifications of security system included cameras’ capabilities and video

recording demonstrated those capabilities through characteristics, quality, and clarity of images recorded). Accordingly, the district must withhold the remaining information under section 552.101 of the Government Code in conjunction with section 418.182(a) of the Government Code.<sup>2</sup>

In summary, the submitted body worn camera recording was not properly requested pursuant to chapter 1701 of the Occupations Code and it need not be released. The district must withhold the remaining information under section 552.101 of the Government Code in conjunction with section 418.182(a) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
