Dear Ms. Bull:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 782925 (GPCA 19-0102).

The Grand Prairie Police Department (the "department") received a request for information pertaining to a specified motor vehicle accident. We understand the department has released some information to the requestor. The department claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception the department claims and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information made confidential by other statutes. The submitted information consists of a recording from a department officer's body worn camera. Body worn cameras are subject to chapter 1701 of the Occupations Code. Section 1701.661(a) of the Occupations Code states the information a requestor must provide when seeking a body worn camera recording. *See* Occ. Code § 1701.661(a). We note the requestor provides the requisite information for the

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

body worn camera recording at issue. We understand the submitted recording was required to be made by law or the policies of the department and the recording relates to a law enforcement purpose. *See id.* § 1701.661(h). Further, we understand the recording is or could be used as evidence in a criminal prosecution. *See id.* § 1701.661(d). Additionally, we have no indication the recording documents an incident that involves the use of deadly force by an officer or relates to an administrative or criminal investigation of an officer. *See id.* § 1701.660(a). The submitted recording demonstrates it was not made in a private space for the purposes of section 1701.661(f). *See id.* §§ 1701.661(f), .651(3) (defining “private space” for purposes of section 1701.661(f)). We note, however, section 1701.661(f) provides, in relevant part:

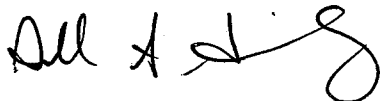

A law enforcement agency may not release any portion . . . of a recording involving the investigation of conduct that constitutes a misdemeanor punishable by fine only and does not result in arrest, without written authorization from the person who is the subject of that portion of the recording or, if the person is deceased, from the person’s authorized representative.

Id. § 1701.661(f). The department states the submitted recording pertains to the investigation of conduct that constitutes a misdemeanor punishable by fine only and which did not result in an arrest. The department also states it has not received a written authorization for release from any of the subjects of the recording. *See id.* Accordingly, we find the department must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 1701.661(f) of the Occupations Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
