Mr. Jim Kachelmeyer
Assistant City Attorney
City of Georgetown
P. O. Box 409

OR2019-24364

Dear Mr. Kachelmeyer:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 783548.

The Georgetown Police Department (the "department") received a request for information pertaining to a specified motor vehicle accident. You state the department released some information. The department claims some of the submitted information was not properly requested pursuant to section 1701.661 of the Occupations Code. The department also claims the submitted information is excepted from disclosure under section 552.130 of the Government Code. We have considered the department's arguments and reviewed the submitted information.

Initially, the department informs us the submitted information includes police officers' body worn camera recordings. Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661 provides, in relevant part, the following:

(a) A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). In this instance, the requestor does not provide the requisite information under section 1701.661(a). As the body worn camera recordings at issue were

not properly requested pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released.¹ However, pursuant to section 1701.661(b), a “failure to provide all the information required by [s]ubsection (a) to be part of a request for recorded information does not preclude the requestor from making a future request for the same recorded information.” *Id.* § 1701.661(b).

Section 552.130 of the Government Code excepts from disclosure information relating to a motor vehicle operator’s license, driver’s license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is excepted from public release. *See Gov’t Code § 552.130.* The department asserts, and we agree, the remaining video recordings contain confidential motor vehicle record information that is excepted from disclosure under section 552.130. In this instance, the department states it does not possess the technological capability to redact information from video files. Thus, we agree the department must withhold the entireties of the remaining video recordings under section 552.130 of the Government Code. *See Open Records Decision No. 364 (1983).*

In summary, as the body worn camera recordings at issue were not properly requested pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released. The department must withhold the entireties of the remaining video recordings under section 552.130 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Sincerely,

Matthew Taylor
Assistant Attorney General

¹As we are able to make this determination, we need not address your remaining argument against disclosure of this information.
