ATTORNEY GENERAL OF TEXAS

Ms. Taylor Floyd
Assistant City Attorney
City of Dallas
1500 Marilla, 7DN
Dallas, Texas 75201

OR2019-24721

Dear Ms. Floyd:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 784544 (Reference No. C005620-061719)

The City of Dallas (the "city") received a request for site map plans for a specified location. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information that is made confidential by other statutes. You raise section 552.101 in conjunction with section 418.181 of the Homeland Security Act (the "HSA"). Sections 418.176 through 418.182 were added to chapter 418 of the Government Code as part of the HSA. Section 418.181 provides "[t]hose documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism." *Id.* § 418.181. The fact that information may relate to a governmental body's security concerns does not make the information per se confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any confidentiality provision, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive information falls within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state the submitted information contains the exact location and technical details of a specified school. You assert, and we agree, the school is critical infrastructure for purposes of section 418.181. *See generally id.* § 421.001 (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation"). You assert release of the information at issue would "reveal the exact placement of panic devices, security gates, and possible entrances to the site." You argue the information at issue "could be used by terrorists or other criminal actors to disrupt . . . the health and safety of the children, and allow access [to the school] to be gained by terrorists or criminals at critical points." Based on your representations and our review, we find you have demonstrated the applicability of section 418.181 to the submitted information. Therefore, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
