Ms. Dawn Roberts
Assistant City Attorney
City of Arlington
P.O. Box 90231
Arlington, Texas 76004-3231

OR2019-26555

Dear Mr. Roberts:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 787120 (Ref. No. 82750).

The City of Arlington (the "city") received a request for the requestor's personnel file. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes, such as section 143.089 of the Local Government Code. You state the city is a civil service city under chapter 143 of the Local Government Code. Section 143.089 provides for the maintenance of two different types of personnel files for each firefighter employed by a civil service city: one that must be maintained as part of the firefighter's civil service file and another that the fire department may maintain for its own internal use. *See* Local Gov't Code § 143.089(a), (g). Under section 143.089(a), the firefighter's civil service file must contain certain specified items, including commendations, periodic evaluations by the firefighter's supervisor, and documents relating to any misconduct in any instance in which the fire department took disciplinary action against the officer under chapter 143 of the Local Government Code. *Id.* § 143.089(a)(1)-(3). Chapter 143 prescribes the following types of disciplinary actions: removal, suspension, demotion, and uncompensated duty. *Id.* §§ 143.051-.055. In cases in which a fire department investigates a firefighter's misconduct and takes disciplinary action against a firefighter, it is required by section 143.089(a)(2) to place all investigatory records relating to the investigation and disciplinary action, including background documents such as complaints, witness statements, and documents

of like nature from individuals who were not in a supervisory capacity, in the firefighter's civil service file maintained under section 143.089(a). *See Abbott v. Corpus Christi*, 109 S.W.3d 113, 122 (Tex. App.—Austin 2003, no pet).

All investigatory materials in a case resulting in disciplinary action are “from the employing department” when they are held by or are in the possession of the department because of its investigation into a firefighter's misconduct, and the department must forward them to the civil service commission for placement in the civil service personnel file. *Id.* Such records may not be withheld under section 552.101 of the Government Code in conjunction with section 143.089 of the Local Government Code. *See* Local Gov't Code § 143.089(f); Open Records Decision No. 562 at 6 (1990). Information relating to alleged misconduct or disciplinary action taken must be removed from the firefighter's civil service file if the fire department determines that there is insufficient evidence to sustain the charge of misconduct or that the disciplinary action was taken without just cause. *See* Local Gov't Code § 143.089(b)-(c).

Section 143.089(g) authorizes a fire department to maintain, for its own use, a separate and independent internal personnel file relating to a firefighter. *See id.* § 143.089(g). Section 143.089(g) provides as follows:

A fire or police department may maintain a personnel file on a fire fighter or police officer employed by the department for the department's use, but the department may not release any information contained in the department file to any agency or person requesting information relating to a fire fighter or police officer. The department shall refer to the director or the director's designee a person or agency that requests information that is maintained in the fire fighter's or police officer's personnel file.

Id. In *City of San Antonio v. Texas Attorney General*, 851 S.W.2d 946 (Tex. App.—Austin 1993, writ denied), the court addressed a request for information contained in a police officer's personnel file maintained by the police department for its use and the applicability of section 143.089(g) to that file. The records included in the departmental personnel file related to complaints against the police officer for which no disciplinary action was taken. The court determined section 143.089(g) made these records confidential. *See City of San Antonio*, 851 S. W.2d at 949; *see also City of San Antonio v. San Antonio Express-News*, 47 S.W.3d 556 (Tex. App.—San Antonio 2000, pet. denied) (restricting confidentiality under Local Gov't Code § 143.089(g) to “information reasonably related to a police officer's or fire fighter's employment relationship”); Attorney General Opinion JC-0257 at 6-7 (2000) (addressing functions of Local Gov't Code § 143.089(a) and (g) files).

You state the submitted information is contained within the city fire department's (the “department”) internal files maintained pursuant to section 143.089(g) of the Local Government Code. We note that, although section 143.089(e) provides firefighters a right of access to their own civil service files maintained under section 143.089(a), this office has determined firefighters do not have a right of access to their own internal files maintained by a fire department pursuant to section 143.089(g). *See* Open Records

Decision No. 650 at 3 (1996) (confidentiality provision of section 143.089(g) contains no exceptions). Thus, because the records at issue are maintained in the department's internal files pursuant to section 143.089(g), the requestor does not have a right of access to his records under section 143.089(e). Based on your representations and our review, we find some of the submitted information is confidential under section 143.089(g). However, we note some of the information at issue, which we marked, consists of periodic evaluations of the firefighter at issue. While this information may be kept in the internal file maintained under section 143.089(g), it must also be kept in the civil service personnel file maintained under section 143.089(a). See Local Gov't Code § 143.089(a)(1), (3). In this instance, the request was received by the city, which has access to the files maintained under both sections 143.089(a) and 143.089(g). Therefore, the request encompasses both of these files. Thus, the city may not withhold the marked periodic evaluations maintained in the section 143.089(a) file under section 552.101 of the Government Code in conjunction with section 143.089(g) of the Local Government Code. Accordingly, with the exception of the information we marked for release, which must be released to the requestor, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 143.089(g) of the Local Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
