Dear Ms. Burnett:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 787725 (ORR# 191641, 192120).

The University of Texas at San Antonio (the "university") received two requests from different requestors for a complaint from a specified investigation.¹ The university claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the claimed exception and reviewed the submitted information.

Section 552.101 of the Government Code excepts from public disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses section 51.971 of the Education Code, which provides, in relevant part, the following:

(a) In this section:

¹The university sought and received clarification of the information requested. See Gov't Code § 552.222 (if request for information is unclear, governmental body may ask requestor to clarify request); see also *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (if governmental entity, acting in good faith, requests clarification of unclear or over-broad request, ten-day period to request attorney general ruling is measured from date request is clarified).

(1) "Compliance program" means a process to assess and ensure compliance by the officers and employees of an institution of higher education with applicable laws, rules, regulations, and policies, including matters of:

- (A) ethics and standards of conduct;
- (B) financial reporting;
- (C) internal accounting controls; or
- (D) auditing.

...

(c) The following are confidential:

(1) information that directly or indirectly reveals the identity of an individual who made a report to the compliance program office of an institution of higher education, sought guidance from the office, or participated in an investigation conducted under the compliance program; and

(2) information that directly or indirectly reveals the identity of an individual as a person who is alleged to have or may have planned, initiated, or participated in activities that are the subject of a report made to the compliance program office of an institution of higher education if, after completing an investigation, the office determines the report to be unsubstantiated or without merit.

(d) Subsection (c) does not apply to information related to an individual who consents to disclosure of the information.

Educ. Code § 51.971(a), (c)-(d). The university informs us it is an institution of higher education for purposes of section 61.003 of the Education Code. *See id.* § 51.971 (a)(2). The university states the submitted information relates to a closed compliance investigation that it conducted. The university further states the investigation was in response to allegations against a university employee and was initiated in order to assess and ensure compliance with all applicable laws, rules, regulations, and policies. Upon review, we agree the information at issue relates to an investigation conducted under the university's compliance program. *See id.* § 51.971(a).

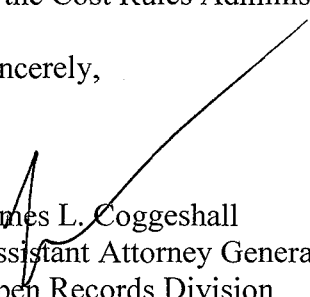

The university asserts the submitted information is confidential in its entirety due to the targeted nature of the requests. The university also informs us the relevant individuals at issue did not consent to release of their information. *See id.* § 51.971(d). Based on these

representations, we agree the university must withhold the submitted information under section 552.101 of the Government Code in conjunction with subsection 51.971(c)(1) of the Education Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
