Dear Ms. Burnett:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 787723 (ORR# 191848).

The University of Texas M.D. Anderson Cancer Center (the "university") received a request for information pertaining to a specified employment position. The university states it has released some of the requested information, but claims some of the submitted information is excepted from disclosure under section 552.122 of the Government Code. We have considered the claimed exception and reviewed the submitted information.

Section 552.122(b) of the Government Code excepts from disclosure a test item developed by a licensing agency or governmental body. Gov't Code § 552.122(b). The term "test item" in section 552.122 includes any standard means by which an individual's or group's knowledge or ability in a particular area is evaluated, but does not encompass evaluations of an employee's overall job performance or suitability. Open Records Decision No. 626 at 9 (1994). Whether information falls within the section 552.122 exception must be determined on a case-by-case basis. *See id.* at 6. Traditionally, this office has applied section 552.122 where release of "test items" might compromise the effectiveness of future examinations. *Id.* at 4-5; *see also* Open Records Decision No. 118 (1976). Section 552.122 also protects the answers to test questions when the answers might reveal the questions themselves. *See* Attorney General Opinion JM-640 at 3 (1987); ORD 626 at 8.

Upon review, we conclude the submitted questions that the university has marked consist of test items under section 552.122(b). We also find release of the responses to these questions, which the university has also marked, would tend to reveal the questions themselves. Therefore, the university may withhold the information it has marked under section 552.122(b) of the Government Code. The university must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
