Harris County Appraisal District

OR2019-27369

Dear Mr. Phelps:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 788645 (ORR# 19-3938).

The Harris County Appraisal District (the "district") received a request for work papers related to a specified account. The district claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception the district claims and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by section 22.27 of the Tax Code, which states in pertinent part:

(a) Rendition statements, real and personal property reports, attachments to those statements and reports, and other information the owner of property provides to the appraisal office in connection with the appraisal of the property, including income and expense information related to a property filed with an appraisal office and information voluntarily disclosed to an appraisal office or the comptroller about real or personal property sales prices after a promise it will be held confidential, are confidential and not open to public inspection. The statements and reports and the information they contain about specific real or personal property or a specific real or personal property owner and information voluntarily disclosed to an appraisal office about real or personal property sales prices after a promise it will be held confidential may not be disclosed to anyone other than an

employee of the appraisal office who appraises property except as authorized by Subsection (b) of this section.

Tax Code § 22.27(a). The district argues the submitted information is confidential under section 22.27(a). We understand the district is an appraisal office for purposes of section 22.27. The district states the submitted information consists entirely of “information provided to [the district] by the property owner [or] the property owner’s agent in connection with the appraisal of the property.” The district informs us none of the exceptions in section 22.27(b) are applicable in this instance.¹ *See id.* § 22.27(b). Based on these representations and our review, we find the information is confidential under section 22.27(a) of the Tax Code. Accordingly, the district must withhold the submitted information under section 552.101 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
