

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

December 13, 2019

Mr. Barry L. Macha
General Counsel
Midwestern State University
3410 Taft Boulevard
Wichita Falls, Texas 76308-2099

OR2019-31637A

Dear Mr. Macha:

This office issued Open Records Letter No. 2019-31637 (2019) on November 8, 2019. We have examined this ruling and determined we will correct the previously issued ruling. *See generally* Gov't Code § 552.011 (providing that Office of Attorney General may issue decision to maintain uniformity in application, operation, and interpretation of Public Information Act (the "Act"), chapter 552 of the Government Code). Consequently, this decision serves as the correct ruling and is a substitute for the decision issued on November 8, 2019. Your request was assigned ID# 809163.

Midwestern State University (the "university") received a request for information related to the university's contract for commencement photography. Although the university takes no position as to whether the submitted information is excepted under the Act, the university states release of the submitted information may implicate the proprietary interests of Flash Photography, Inc. ("Flash"), and Ultimate Exposures ("Ultimate"). Accordingly, the university provides documentation demonstrating it notified Flash and Ultimate of the request for information and of the right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have received comments from Flash. We have reviewed the submitted arguments and the submitted information.

Initially, we note an interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) to submit its reasons, if any, as to why information relating to that party should be withheld from public

disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from Ultimate explaining why the submitted information should not be released. Therefore, we have no basis to conclude Ultimate has a protected proprietary interest in the submitted information. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, the university may not withhold the submitted information on the basis of any proprietary interest Ultimate may have in the information.

Next, Flash argues its submitted information is not subject to the Act. The Act applies to "public information," which is defined in section 552.002 of the Government Code as

information that is written, produced, collected, assembled, or maintained under a law or ordinance or in connection with the transaction of official business:

(1) by a governmental body; or

(2) for a governmental body and the governmental body:

(A) owns the information;

(B) has a right of access to the information; or

(C) spends or contributes public money for the purpose of writing, producing, collecting, assembling, or maintaining the information; or

(3) by an individual officer or employee of a governmental body in the officer's or employee's official capacity and the information pertains to official business of the governmental body.

Gov't Code § 552.002(a). Thus, virtually all of the information in a governmental body's physical possession constitutes public information and is subject to the Act. *Id.* § 552.002(a)(1); *see* Open Records Decision Nos. 549 at 4 (1990), 514 at 1-2 (1988). Information that is written, produced, collected, assembled, or maintained by a third party, including an individual officer or employee of a governmental body in his or her official capacity, may be subject to disclosure under the Act if a governmental body owns, has a right of access, or spends or contributes public money for the purpose of writing, producing, collecting, assembling, or maintaining the information. Gov't Code § 552.002(a); *see* Open Records Decision No. 462 at 4 (1987); *cf.* Open Records Decision No. 499 (1988). Information is "in connection with the transaction of official business" if it is "created by, transmitted to, received by, or maintained by an officer or employee of the governmental body in the officer's or employee's official capacity, or a person or entity performing

official business or a government function on behalf of a governmental body, and pertains to official business of the governmental body.” *Id.* § 552.002(a-1). Moreover, section 552.001 of the Act provides it is the policy of this state that each person is entitled, unless otherwise expressly provided by law, at all times to complete information about the affairs of government and the official acts of public officials and employees. *See id.* § 552.001(a).

Flash contends its requested information is not subject to the Act. However, we note the information at issue was created for and is maintained by the university and the information at issue pertains to the university’s official business. Accordingly, we find the submitted information was written, produced, collected, assembled, or maintained in connection with the transaction of the university’s official business. Therefore, we conclude the information is subject to the Act and the university must release it unless the information falls within an exception to public disclosure under the Act. *See id.* §§ 552.006, .021, .301, .302.

Section 552.104(a) of the Government Code exempts from disclosure “information that, if released, would give advantage to a competitor or bidder.” Gov’t Code § 552.104(a). A private third party may invoke this exception. *Boeing Co. v. Paxton*, 466 S.W.3d 831 (Tex. 2015). The “test under section 552.104 is whether knowing another bidder’s [or competitor’s information] would be an advantage, not whether it would be a decisive advantage.” *Id.* at 841. Flash states it has competitors. In addition, Flash states release of the information at issue would cause harm to its competitive interests and would give an advantage to its competitors. After review of the information at issue and consideration of the arguments, we find Flash has established the release of the information at issue would give advantage to a competitor or bidder. Thus, we conclude the university may withhold Flash’s information under section 552.104(a) of the Government Code.¹

Some of the remaining information may be subject to section 552.136 of the Government Code.² Section 552.136 of the Government Code provides, “Notwithstanding any other provision of [the Act], a credit card, debit card, charge card, or access device number that is collected, assembled, or maintained by or for a governmental body is confidential.” Gov’t Code § 552.136(b); *see id.* § 552.136(a) (defining “access device”). This office has determined insurance policy numbers are access device numbers for purposes of section 552.136. Accordingly, the university must withhold any insurance policy numbers within the remaining information under section 552.136 of the Government Code.

We note some of the materials at issue may be protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. Open Records Decision No. 180 at 3 (1977). A governmental body must allow inspection of copyrighted materials unless an exception applies to the

¹ As our ruling is dispositive, we need not address the remaining arguments against disclosure of the submitted information.

² The Office of the Attorney General will raise a mandatory exception on behalf of a governmental body, but ordinarily will not raise other exceptions. *See* Open Records Decision Nos. 481 (1987), 480 (1987), 470 (1987).

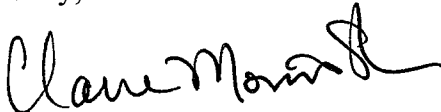

information. *Id.*; see Open Records Decision No. 109 (1975). If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit.

In summary, the university may withhold Flash's information under section 552.104(a) of the Government Code. The university must withhold any insurance policy numbers within the remaining information under section 552.136 of the Government Code. The university must release the remaining information; however, any information that is subject to copyright may be released only in accordance with copyright law.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <https://www.texasattorneygeneral.gov/open-government/members-public/what-expect-after-ruling-issued> or call the OAG's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Public Information Act may be directed to the Cost Rules Administrator of the OAG, toll free, at (888) 672-6787.

Sincerely,

Claire V. Morris Sloan
Assistant Attorney General
Open Records Division
