Mr. Neal Falgoust  
Assistant City Attorney  
City of Austin  
P.O. Box 1088  
Austin, Texas 78767-8828

OR2019-32241

Dear Mr. Falgoust:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 796916 (PIR# C042011).

The City of Austin (the "city") received a request for information pertaining to a particular company's applications for certain certifications. You state the city will release some information. You claim the submitted information is excepted from disclosure under section 552.128 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.<sup>1</sup>

Section 552.128 of the Government Code provides the following:

- (a) Information submitted by a potential vendor or contractor to a governmental body in connection with an application for certification as a historically underutilized or disadvantaged business under a local, state, or federal certification program is excepted from the requirements of Section 552.021, except as provided by this section.

---

<sup>1</sup> We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

(b) Notwithstanding Section 552.007 and except as provided by Subsection (c), the information may be disclosed only:

(1) to a state or local governmental entity in this state, and the state or local governmental entity may use the information only:

(A) for purposes related to verifying an applicant's status as a historically underutilized or disadvantaged business; or

(B) for the purpose of conducting a study of a public purchasing program established under state law for historically underutilized or disadvantaged businesses; or

(2) with the express written permission of the applicant or the applicant's agent.

(c) Information submitted by a vendor or contractor or a potential vendor or contractor to a governmental body in connection with a specific proposed contractual relationship, a specific contract, or an application to be placed on a bidders list, including information that may also have been submitted in connection with an application for certification as a historically underutilized or disadvantaged business, is subject to required disclosure, excepted from required disclosure, or confidential in accordance with other law.

Gov't Code § 552.128. You state the submitted information was submitted to the city in connection with an application for certification as a historically underutilized or disadvantaged business. We note the requestor is not a governmental entity. You also state the city does not have express written permission from the applicant or the applicant's agent to release the information. Finally, we have no indication the information was submitted to the city in connection with a specific bid, bidder's list, or proposed contractual relationship. Based on these representations and our review, we find the city must withhold the submitted information under section 552.128 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
