Dear Ms. Lentz:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 798945.

The Williamson County Sheriff's Office (the "sheriff's office") received a request for a specified memorandum related to OPS #18-02-0002. The sheriff's office claims some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception the sheriff's office claims and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This exception encompasses the Americans with Disabilities Act of 1990 (the "ADA"). *See* 42 U.S.C. §§ 12101 *et seq.* Title I of the ADA provides that information about the medical conditions and medical histories of applicants or employees must be (1) collected and maintained on separate forms, (2) kept in separate medical files, and (3) treated as a confidential medical record. Information obtained in the course of a "fitness for duty examination" conducted to determine whether an employee is still able to perform the essential functions of his or her job is to be treated as a confidential medical record as well. *See* 29 C.F.R. § 1630.14(c); *see also* Open Records Decision No. 641 (1996). Furthermore, the federal Equal Employment Opportunity Commission (the "EEOC") has determined that medical information for the purposes of the ADA includes "specific information about an individual's disability and related functional limitations, as well as general statements that an individual has a disability or that an ADA reasonable accommodation has been provided for a particular individual." *See* Letter from Ellen J.

Vargyas, Legal Counsel, EEOC, to Barry Kearney, Associate General Counsel, National Labor Relations Board, 3 (Oct. 1, 1997). Federal regulations define “disability” for the purposes of the ADA as “(1) a physical or mental impairment that substantially limits one or more of the major life activities of the individual; (2) a record of such an impairment; or (3) being regarded as having such an impairment.” 29 C.F.R. § 1630.2(g). The regulations further provide that physical or mental impairment means: (1) any physiological disorder, or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological, musculoskeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genito-urinary, hemic and lymphatic, skin, and endocrine; or (2) any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. *See id.* § 1630.2(h). Upon review of the submitted information, we agree some of the information at issue, which the sheriff’s office marked, is confidential under the ADA. Accordingly, the sheriff’s office must withhold the information it marked under section 552.101 of the Government Code. The sheriff’s office must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Sincerely,
