ATTORNEY GENERAL OF TEXAS

December 6, 2019

Ms. Guadalupe Garcia
Pharr Police Department
1900 South Cage Boulevard
Pharr, Texas 78577

OR2019-34389

Dear Ms. Garcia:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 803176 (Ref. No. P000977-100319).

The Pharr Police Department (the "department") received a request for a specified incident report and blood test results related to the specified incident. You state you do not have information responsive to the portion of the request seeking blood test results related to the specified incident.¹ You claim the submitted information is excepted from disclosure under section 552.108 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note the submitted information includes a Toxicology Request Submission Form. Section 724.018 of the Transportation Code provides that, on the request of the person who has given a specimen at the request of a peace officer, full information concerning the analysis of the specimen must be made available to that person or the person's attorney. Transp. Code § 724.018. Although you claim the information is excepted from disclosure under section 552.108 of the Government Code, a specific right of access provision prevails over the Act's general exceptions to disclosure. *See* Open Records Decision No. 451 at 4 (1986) (specific statutory right of access provisions

¹ The Act does not require a governmental body to release information that did not exist when a request for information was received or to prepare new information in response to a request. *See Econ. Opportunities Dev. Corp. v. Bustamante*, 562 S.W.2d 266, 267-68 (Tex. Civ. App.—San Antonio 1978, writ dismissed); Open Records Decision Nos. 605 at 2 (1992), 452 at 3 (1986), 362 at 2 (1983).

overcome general exceptions to disclosure under statutory predecessor to Act). In this instance, the requestor is the person who provided the blood specimen at the request of a peace officer. Therefore, the submitted Toxicology Request Submission Form must be released to this requestor pursuant to section 724.018 of the Transportation Code.

Section 552.108(a) of the Government Code excepts from disclosure “[i]nformation held by a law enforcement agency or prosecutor that deals with the detection, investigation, or prosecution of crime . . . if: (1) release of the information would interfere with the detection, investigation, or prosecution of crime.”² Gov’t Code § 552.108(a)(1). Generally, a governmental body claiming section 552.108(a)(1) must explain how and why the release of the requested information would interfere with law enforcement. *See id.* §§ 552.108(a)(1), .301(e)(1)(A); *see also Ex parte Pruitt*, 551 S.W.2d 706 (Tex. 1977). You state the remaining information relates to a pending criminal investigation and prosecution, and release of that information would interfere with the investigation and prosecution of the case. Based upon this representation, we conclude the release of the remaining information would interfere with the detection, investigation, or prosecution of crime. *See Houston Chronicle Publ’g Co. v. City of Houston*, 531 S.W.2d 177 (Tex. Civ. App.—Houston [14th Dist.] 1975) (court delineates law enforcement interests that are present in active cases), *writ ref’d n.r.e. per curiam*, 536 S.W.2d 559 (Tex. 1976). Thus, section 552.108(a)(1) is applicable to the remaining information.

However, section 552.108 does not except from disclosure “basic information about an arrested person, an arrest, or a crime.” Gov’t Code § 552.108(c). Section 552.108(c) refers to the basic information held to be public in *Houston Chronicle*. *See* 531 S.W.2d at 186-187; *see also* Open Records Decision No. 127 (1976) (summarizing types of information considered to be basic information). Accordingly, with the exception of basic information, the department may withhold the remaining information under section 552.108(a)(1) of the Government Code.

In summary, the submitted Toxicology Request Submission Form must be released to this requestor pursuant to section 724.018 of the Transportation Code. With the exception of basic information, which must be released, the department may withhold the remaining information under section 552.108(a)(1) of the Government Code.³

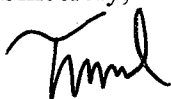

² Although you raise section 552.108(a)(2) of the Government Code in your brief, based on your arguments, we understand you to raise section 552.108(a)(1) of the Government Code.

³ We note the requestor has a special right of access to some of the information being released in this instance. *See* Transp. Code § 724.018; *see also* Gov’t Code § 552.023(a) (person or person’s authorized representative has special right of access to records that contain information relating to the person that are protected from public disclosure by laws intended to protect that person’s privacy interests); Open Records Decision No. 481 at 4 (1987) (privacy theories not implicated when individuals request information concerning themselves). Because such information is confidential with respect to the general public, if the department receives another request for this information from a different requestor, the department must again seek a ruling from this office.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
