Ms. Charla Thomas  
Assistant City Attorney  
City of Temple  
2 North Main Street, Suite 308  
Temple, Texas 76501

OR2019-35983

Dear Ms. Thomas:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 804033.

The City of Temple (the "city") received a request for case number F1901067 and any related police report. The city claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception the city claims and reviewed the submitted information.

Initially, we note the city has not submitted a police report related to the submitted incident. To the extent any such information to existed on the date the city received the request, we assume the city has released it. If the city has not released any such information, it must do so at this time. *See* Gov't Code §§ 552.301(a), .302; *see also* Open Records Decision No. 664 (2000) (if governmental body concludes no exceptions apply to requested information, it must release information as soon as possible).

Section 552.101 of the Government Code excepts "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information protected by section 773.091 of the Health and Safety Code, which provides in part:

- (a) A communication between certified emergency medical services [{"EMS"}] personnel or a physician providing medical supervision and a patient that is made in the course of providing emergency medical services

to the patient is confidential and privileged and may not be disclosed except as provided by this chapter.

(b) Records of the identity, evaluation, or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex, occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(a)-(b), (g). The submitted information consists of records made and maintained by EMS personnel. Upon review, we find section 773.091 is applicable to the information at issue. Thus, with the exception of the information subject to section 773.091(g), which is not confidential and must be released, the city must withhold the submitted EMS records under section 552.101 of the Government Code in conjunction with section 773.091(b) of the Health and Safety Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Claire V. Morris Sloan
