Dear Ms. Parker:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 806506.

The Texas Department of Transportation (the "department") received a request for questions and answers related to a specified job. The department states it is releasing some of the requested information. The department claims the submitted information is excepted from disclosure under section 552.122 of the Government Code. We have considered the exception the department claims and reviewed the submitted representative sample of information.¹

Section 552.122 of the Government Code excepts from disclosure "[a] test item developed by a licensing agency or governmental body[.]" Gov't Code § 552.122(b). In Open Records Decision No. 626 (1994), this office determined that the term "test item" in section 552.122 includes "any standard means by which an individual's or group's knowledge or ability in a particular area is evaluated." ORD 626 at 6. The question of whether specific information falls within the scope of section 552.122(b) must be determined on a case-by-case basis. *Id.* at 6. Traditionally, this office has applied section 552.122 where release of test items might compromise the effectiveness of future examinations. *Id.* at 4-5; *see also* Open Records Decision No. 118 (1976). Section 552.122 also protects the answers to test

¹ We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

questions when the answers might reveal the questions themselves. *See* Attorney General Opinion JM-640 at 3 (1987); ORD 626 at 8.

The department seeks to withhold the submitted question and responses to the submitted question under section 552.122 of the Government Code. The department informs us the question at issue relates to the stated knowledge, skills, and abilities required for the position and do not focus on qualifications or experiences unique to a particular applicant. Additionally, the department indicates release of the information at issue would compromise the effectiveness of future exams because the department reuses the question. Based on these representations and our review, we agree the question at issue qualifies as a test item under section 552.122(b) of the Government Code. We also find the release of the answers to the question would tend to reveal the question itself. Accordingly, the department may withhold the submitted question and answers pursuant to section 552.122(b) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at <https://www.texasattorneygeneral.gov/open-government/members-public/what-expect-after-ruling-issued> or call the OAG's Open Government Hotline, toll free, at (877) 673-6839.
