ATTORNEY GENERAL OF TEXAS

Mr. Kevin Christiansen
Staff Attorney
Katy Independent School District
P.O. Box 159

OR2020-01818

Dear Mr. Christiansen

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 807343 (ORR 20335).

The Katy Independent School District (the "district") received a request for the report and video recordings pertaining to a specified incident. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note you have not submitted any information responsive to the request for the report. Thus, although you state the district has submitted a representative sample of the requested information, we find the submitted information is not representative of all the information to which the requestor seeks access. Please be advised this open records letter ruling applies only to the type of information you have submitted for our review. This ruling does not authorize the district to withhold any type of information that is substantially different from the types of information you submitted to this office. *See* Gov't Code §552.302 (where request for attorney general decision does not comply with requirements of section 552.301, information at issue is presumed to be public). Therefore, we presume the district has released the information responsive to the remaining portion of the request, to the extent such information existed when the district received this request for information. If not, then the district must release any such information immediately. *See id.* §§ 552.221, .301, .302; Open Records Decision No. 664 (2000).

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. This exception encompasses information made confidential by other statutes, including section 418.182 of the Texas Homeland Security Act (the “HSA”), chapter 418 of the Government Code. Section 418.182 provides, in relevant part:

(a) [i]nformation . . . in the possession of a governmental entity that relates to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity is confidential.

Id. § 418.182(a). The fact that information may be related to a security system does not make such information per se confidential under section 418.182. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting section 418.182 must adequately explain how the responsive records fall within the scope of the statute. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

The submitted information consists of still images of surveillance video footage from a district school. You state release of this information would reveal the “characteristics, quality, clarity, and capabilities of the [d]istrict’s security system[.]” You state the district’s security system is used “to protect the [d]istrict, including campuses, from terrorism and related criminal activity.” Upon review, we find the submitted information relates to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity. *See Tex. Dep’t of Pub. Safety v. Abbott*, 310 S.W.3d 670 (Tex. App.—Austin 2010, no pet.) (finding confidential under section 418.182 of the HSA video recording containing images recorded by security cameras in Texas Capitol hallway because specifications of security system included cameras’ capabilities and video recording demonstrated those capabilities through characteristics, quality, and clarity of images recorded). Accordingly, the district must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.182(a) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
