ATTORNEY GENERAL OF TEXAS

Ms. Jessica Farrias
Records Coordinator
City of Carrollton

Carrollton, Texas 75006

OR2020-02564

Dear Ms. Farrias:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 808468 (City ID: 17721).

The City of Carrollton (the "city") received a request for six categories of information pertaining to a specified address. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Initially, we note that you failed to submit information responsive to five of the requested categories of information. To the extent any additional responsive information existed on the date the city received this request, we assume you have released it. If you have not released any such records, you must do so at this time. *See* Gov't Code §§ 552.301(a), .302; *see also* Open Records Decision No. 664 (2000) (if governmental body concludes that no exceptions apply to requested information, it must release information as soon as possible).

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information that is made confidential by other statutes. You claim section 552.101 of the Government Code in conjunction with section 418.181 of the Homeland Security Act (the "HSA"). Sections 418.176 through 418.182 were added to chapter 418 of the Government Code as part of the HSA. Section 418.181

provides “[t]hose documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.” *Id.* § 418.181. The fact that information may relate to a governmental body’s security concerns does not make the information per se confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any confidentiality provision, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive information falls within the scope of the claimed provision. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You inform us the submitted information reveals technical details pertaining to the city’s water, wastewater, and sewage systems. You assert, and we agree, the city’s water, wastewater, and sewage systems are critical infrastructure for purposes of section 418.181. *See generally id.* § 421.001 (defining “critical infrastructure” to include “all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation”). You state release of the submitted information could allow potential terrorists to disrupt or cause harm to the city’s water supplies. Based on these representations and our review, we find you have demonstrated the applicability of section 418.181 to the submitted information. Therefore, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
