Dear Mr. Schnall:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 809229.

The Selma Fire Department (the "department"), which you represent, received a request for information pertaining to a specified accident. The department states it will withhold information pursuant to section 552.130(c) of the Government Code.¹ The department claims some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the claimed exception and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses section 773.091 of the Health and Safety Code, which provides, in part, the following:

(b) Records of the identity, evaluation, or treatment of a patient by emergency medical services personnel or by a physician providing medical supervision that are created by the emergency medical services personnel or physician or maintained by an emergency medical services provider are confidential and privileged and may not be disclosed except as provided by this chapter.

¹ Section 552.130(c) of the Government Code allows a governmental body to redact the information described in section 552.130(a) without the necessity of seeking a decision from the attorney general. *See* Gov't Code § 552.130(c). If a governmental body redacts such information, it must notify the requestor in accordance with section 552.130(e). *See id.* § 552.130(d), (e).

...

(g) The privilege of confidentiality under this section does not extend to information regarding the presence, nature of injury or illness, age, sex, occupation, and city of residence of a patient who is receiving emergency medical services.

Health & Safety Code § 773.091(b), (g). The information at issue contains records of the identity, evaluation, or treatment of a patient made and maintained by emergency medical services personnel. Thus, section 773.091 is applicable to this information, which we have marked. Therefore, with the exception of the information subject to section 773.091(g) of the Health and Safety Code, which the department must release, the department must withhold the information we have marked under section 552.101 of the Government Code in conjunction with section 773.091(b) of the Health and Safety Code.² The department must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
