Ms. Cynthia Tynan  
Assistant General Counsel & Public Information Coordinator  
The University of Texas System

OR2020-02892

Dear Ms. Tynan:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 809050 (Ref. No. 193461).

The University of Texas Health Science Center at San Antonio (the "university") received a request for three categories of information pertaining to the university's animal use program. You state you will release some information to the requestor. You state you do not have information responsive to the second category of the request.<sup>1</sup> You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.<sup>2</sup>

Section 552.101 of the Government Code excepts "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses section 161.032 of the Health and Safety Code, which provides, in relevant part, the following:

---

<sup>1</sup> The Act does not require a governmental body to release information that did not exist when a request for information was received or to prepare new information in response to a request. *See Econ. Opportunities Dev. Corp. v. Bustamante*, 562 S.W.2d 266, 267-68 (Tex. Civ. App.—San Antonio 1978, writ dismissed); Open Records Decision Nos. 605 at 2 (1992), 452 at 3 (1986), 362 at 2 (1983).

<sup>2</sup> We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See Open Records Decision Nos. 499 (1988), 497 (1988)*. This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

(a) The records and proceedings of a medical committee are confidential and are not subject to court subpoena.

...

(c) Records, information, or reports of a medical committee, medical peer review committee, or compliance officer and records, information, or reports provided by a medical committee, medical peer review committee, or compliance officer to the governing body of a public hospital, hospital district, or hospital authority are not subject to disclosure under [the Act].

...

(f) This section and Subchapter A, Chapter 160, Occupations Code, do not apply to records made or maintained in the regular course of business by a hospital, health maintenance organization, medical organization, university medical center or health science center, hospital district, hospital authority, or extended care facility.

Health & Safety Code § 161.032(a), (c), (f). For purposes of this confidentiality provision, a “medical committee” includes any committee, including a joint committee, of “a university medical school or health science center[.]” *Id.* § 161.031(a). Section 161.0315(a) provides the governing body of a university medical school or health science center may form a medical committee, as defined by section 161.031 of the Health and Safety Code, to evaluate medical and health care services. *Id.* § 161.0315(a).

The precise scope of the “medical committee” provision has been the subject of a number of judicial decisions. *See, e.g., Memorial Hosp.—The Woodlands v. McCown*, 927 S.W.2d 1 (Tex. 1996); *Barnes v. Whittington*, 751 S.W.2d 493 (Tex. 1988); *Jordan v. Fourth Supreme Judicial Dist.*, 701 S.W.2d 644 (Tex. 1986). These cases establish that “documents generated by the committee in order to conduct open and thorough review” are confidential. This protection extends “to documents that have been prepared by or at the direction of the committee for committee purposes.” *Jordan*, 701 S.W.2d at 647-48. Protection does not extend to documents “gratuitously submitted to a committee” or “created without committee impetus and purpose.” *Id.* at 648; *see also* Open Records Decision No. 591 (1991) (construing, among other statutes, statutory predecessor to section 161.032).

You state the submitted information consists of records of the university’s Institutional Animal Care Use Committee (the “IACUC”). You explain the IACUC is a medical committee that is charged with certifying all research using animal subjects or animal derived materials conforms to the prescribed principles and regulations. Based on these representations, we agree the IACUC is a “medical committee” for purposes of section 161.031. Thus, the university must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 161.032 of the Health and Safety Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
