Dear Mr. Entsminger:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 810687.

The Travis County Healthcare District d/b/a Central Health ("Central Health") received a request for information pertaining to two specified requests for proposals.¹ You state Central Health does not have some of the requested information.² Further, you state Central Health will release some of the requested information. Although you take no position regarding whether the submitted information is excepted from disclosure, you state its release may implicate the proprietary interests of Kitchell Contractors, Inc. Accordingly, you state, and provide documentation showing, you notified the third party of the request and its right to submit arguments to this office. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of

¹ Central Health sought and received clarification of the information requested. *See* Gov't Code § 552.222 (if request for information is unclear, governmental body may ask requestor to clarify request); *see also* *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (if governmental entity, acting in good faith, requests clarification of unclear or over-broad request, ten-day period to request attorney general ruling is measured from date request is clarified). We note we asked Central Health to provide additional information pursuant to section 552.303 of the Government Code. *See* Gov't Code § 552.303(c)-(d) (if attorney general determines information in addition to that required by section 552.301 is necessary to render decision, written notice of that fact shall be given to governmental body and requestor, and governmental body shall submit necessary additional information to attorney general not later than seventh calendar day after date of receipt of notice).

² The Act does not require a governmental body to release information that did not exist when a request for information was received or to prepare new information in response to a request. *See* *Econ. Opportunities Dev. Corp. v. Bustamante*, 562 S.W.2d 266, 267-68 (Tex. Civ. App.—San Antonio 1978, writ dismissed); Open Records Decision Nos. 605 at 2 (1992), 452 at 3 (1986), 362 at 2 (1983).

exception in the Act in certain circumstances). We have reviewed the submitted information.

An interested third party is allowed ten business days after the date of its receipt of the governmental body's notice to submit its reasons, if any, as to why information relating to that party should not be released. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this ruling, we have not received comments from Kitchell Contractors, Inc. Thus, we have no basis to conclude Kitchell Contractors, Inc. has a protected proprietary interest in the submitted information. *See id.* § 552.110(a)-(b); Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish prima facie case that information is trade secret), 542 at 3. Accordingly, Central Health may not withhold any of the submitted information on the basis of any proprietary interest Kitchell Contractors, Inc. may have in the information.

We note some of the submitted materials may be protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. Open Records Decision No. 180 at 3 (1977). A governmental body must allow inspection of copyrighted materials unless an exception applies to the information. *Id.*; *see* Open Records Decision No. 109 (1975). If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit. Central Health must release the submitted information; however, any information protected by copyright may only be released in accordance with copyright law.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
