

KEN PAXTON  
ATTORNEY GENERAL OF TEXAS

March 16, 2020

Mr. Matthew Murray  
Assistant City Attorney  
City of Fort Worth  
200 Texas Street, Third Floor  
Fort Worth, Texas 76102

OR2020-08199

Dear Mr. Murray:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 818670 (ORR# W095829).

The City of Fort Worth (the "city") received a request for information related to a specified incident. The city states it is releasing some of the requested information. The city claims some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception the city claims and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses section 826.0311 of the Health and Safety Code, which states, in relevant part, the following:

(a) Information that is contained in a municipal or county registry of dogs and cats under Section 826.031 that identifies or tends to identify the owner or an address, telephone number, or other personally identifying information of the owner of the registered dog or cat is confidential and not subject to disclosure under [the Act]. The information contained in the registry may not include the social security number or the driver's license number of the owner of the registered animal.

(b) The information may be disclosed only to a governmental entity or a person that, under a contract with a governmental entity, provides animal control services or animal registration services for the governmental entity for purposes related to the protection of public health and safety. A governmental entity or person that receives the information must maintain the confidentiality of the information, may not disclose the information

under [the Act], and may not use the information for a purpose that does not directly relate to the protection of public health and safety.

Health & Safety Code § 826.0311(a), (b). The city states some of the submitted information, which the city marked, consists of personally identifying information of the owner of a registered animal. The city informs us the information at issue is maintained in a computer database used by the city's Animal Control Department (the "department"). The city explains the department maintains the registry through a computer database using PetPoint software, and states the information at issue was pulled directly from the pet registry through the PetPoint database. The city also states the exception in section 826.0311(b) does not apply. Upon review, we agree the city has demonstrated the applicability of section 826.0311(a) of the Health and Safety Code to most of the information it marked. However, we note the city also marked the identity of the victim, which does not consist of personally identifying information of the owner of a registered animal for purposes of section 826.0311. Therefore, with the exception of the identity of the victim, which the city may not withhold under section 552.101 on that basis, the city must withhold the information it marked under section 552.101 of the Government Code in conjunction with section 826.0311(a) of the Health and Safety Code. The city must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
