Dear Ms. Kreh:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 817208.

The Flower Mound Police Department (the "department"), which you represent, received a request for video recordings pertaining to the requestor's client arrest on a specified date. You state you will redact certain social security numbers under section 552.147(b) of the Government Code and certain information pursuant to Open Records Decision No. 684 (2009).¹ You claim some of the submitted information is excepted from disclosure under sections 552.101 and 552.130 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Initially, we note the submitted information consists of police officers' body worn camera recordings. Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661 provides, in relevant part, the following:

¹ Section 552.147(b) of the Government Code authorizes a governmental body to redact a living person's social security number from public release without the necessity of requesting a decision from this office. *See* Gov't Code § 552.147(b). Open Records Decision No. 684 is a previous determination issued by this office authorizing all governmental bodies to withhold certain categories of information without the necessity of requesting an attorney general decision.

(a) A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). In this instance, the requestor does not give the requisite information under section 1701.661(a) for some of the body worn camera recordings at issue. As the requestor did not properly request these body worn camera recordings, which you have indicated, pursuant to chapter 1701, our ruling does not reach this information and it need not be released.² However, pursuant to section 1701.661(b), a “failure to provide all the information required by Subsection (a) to be part of a request for recorded information does not preclude the requestor from making a future request for the same recorded information.” *Id.* § 1701.661(b). We note the requestor provided the requisite information under section 1701.661(a) for the remaining body worn camera recordings at issue. Section 552.101 exempts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. Section 1701.661(f) provides, in relevant part:

A law enforcement agency may not release any portion of a recording made in a private space . . . without written authorization from the person who is the subject of that portion of the recording or, if the person is deceased, from the person’s authorized representative.

Id. § 1701.661(f). You assert portions of the recordings at issue are confidential under section 1701.661(f) because they were made in a private space. However, we find no portion of the remaining recordings were made in a private space for purposes of section 1701.661(f). *See id.* § 1701.661(f); *see also id.* 1701.651(3) (defining “private space” for purposes of section 1701.661(f)). Therefore, we conclude the department has failed to establish any of the remaining information is confidential under section 1701.661(f), and it may not withhold any portion of the recordings under section 552.101 on that ground.

Section 552.130 of the Government Code provides information relating to a motor vehicle operator’s license, driver’s license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is excepted from public release. *See* Gov’t Code § 552.130. We note, because section 552.130 protects privacy interests, the requestor has a right of access to her client’s motor vehicle record information pursuant to section 552.023 of the Government Code. *See id.*

² As we are able to make this determination, we need not address the remaining arguments against disclosure of this information.

§ 552.023(a) (“person or a person’s authorized representative has special right of access, beyond right of general public, to information held by governmental body that relates to person and that is protected from public disclosure by laws intended to protect that person’s privacy interests”); Open Records Decision No. 481 at 4 (1987) (privacy theories not implicated when individual requests information concerning herself). However, the department must withhold the motor vehicle record information we have indicated under section 552.130 of the Government Code.

In summary, as the requestor did not properly request the body worn camera recordings you have indicated pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information and it need not be released. The department must withhold the motor vehicle record information you have indicated under section 552.130 of the Government Code. The department must release the remaining information.³

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. ³ We note the requestor has a right of access to some of the information being released. See Gov’t Code § 552.023(a); Open Records Decision No. 481 at 4 (1987) (privacy theories not implicated when individuals request information concerning themselves). Thus, the department must again seek a decision from this office if it receives another request for the same information from another requestor.
