

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

March 23, 2020

Mr. Jeffrey C. Monk
HPD Administration Manager
Houston Police Department
1200 Travis, 10th Floor
Houston, Texas 77002-6000

OR2020-08938

Dear Mr. Monk:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 817710 (ORU No. 19-13925).

The Houston Police Department (the "department") received a request for information related to a specified incident. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code.¹ We have considered the exception you claim and reviewed the submitted representative sample of information.²

Initially, we note the submitted information includes body worn camera recordings. Body worn cameras are subject to chapter 1701 of the Occupations Code. Chapter 1701 provides the procedures a requestor must follow when seeking a body worn camera recording. Section 1701.661(a) provides:

A member of the public is required to provide the following information when submitting a written request to a law enforcement agency for information recorded by a body worn camera:

¹ We note, and you acknowledge, the department failed to comply with the procedural requirements of section 552.301 of the Government Code in requesting a decision from this office. *See* Gov't Code § 552.301(b), (e). Nonetheless, section 552.101 of the Government Code can provide a compelling reason to overcome the presumption of openness caused by failure to comply with section 552.301. *See id.* §§ 552.007, .302. Thus, we will address the applicability of this exception to the submitted information, notwithstanding the department's violation of section 552.301 in requesting this decision.

² We assume the representative sample of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

- (1) the date and approximate time of the recording;
- (2) the specific location where the recording occurred; and
- (3) the name of one or more persons known to be a subject of the recording.

Occ. Code § 1701.661(a). In this instance, the requestor does not give the requisite information under section 1701.661(a) for the submitted body worn camera recordings. As the requestor did not properly request the body worn camera recordings at issue pursuant to chapter 1701, our ruling does not reach this information and it need not be released.³ However, pursuant to section 1701.661(b), a “failure to provide all the information required by Subsection (a) to be part of a request for recorded information does not preclude the requestor from making a future request for the same recorded information.” *Id.* § 1701.661(b).

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. This section encompasses information protected by other statutes, such as chapter 143 of the Local Government Code. The City of Houston is a civil service city under chapter 143. Section 143.1214 of the Local Government Code provides in relevant part:

(b) The department shall maintain an investigatory file that relates to a disciplinary action against a fire fighter or police officer that was overturned on appeal, or any document in the possession of the department that relates to a charge of misconduct against a fire fighter or police officer, regardless of whether the charge is sustained, only in a file created by the department for the department’s use. The department may only release information in those investigatory files or documents relating to a charge of misconduct:

- (1) to another law enforcement agency or fire department;
- (2) to the office of a district or United States attorney; or
- (3) in accordance with Subsection (c).

(c) The department head or the department head’s designee may forward a document that relates to disciplinary action against a fire fighter or police officer to the director or the director’s designee for inclusion in the fire fighter’s or police officer’s personnel file maintained under Sections 143.089(a)-(f) only if:

- (1) disciplinary action was actually taken against the fire fighter or police officer;

³ As we are able to make this determination, we need not address the argument against disclosure of this information.

- (2) the document shows the disciplinary action taken; and
- (3) the document includes at least a brief summary of the facts on which the disciplinary action was based.

Local Gov't Code § 143.1214(b)-(c). You state the information at issue is maintained in the department's internal investigative files and relates to an open investigation by the department's Internal Affairs Division of improper police procedure by a police officer. Thus, based on your representations and our review, with the exception of the information we marked for release, we conclude the department must withhold the information in Exhibit 3 under section 552.101 of the Government Code in conjunction with section 143.1214 of the Local Government Code. However, we find the remaining information consists of accident reports and crash investigations from the accident at issue, which is maintained independently from the police officer's internal file. In this instance, the requestor has specifically requested this information, which is maintained for law enforcement purposes separate and apart from any internal files. The department may not engraft the confidentiality afforded to records under section 143.1214 of the Local Government Code to records that exist independently of the internal files. Accordingly, the information we marked for release is not confidential under section 143.1214 of the Local Government Code, and the department may not withhold it under section 552.101 of the Government Code on that basis.

Section 552.101 of the Government Code also encompasses information subject to chapter 550 of the Transportation Code. Section 550.065 applies only to a written report of an accident required under section 550.061, 550.062, or 601.004. *See* Transp. Code § 550.065(a)(1). Chapter 550 requires the creation of a written report when the accident resulted in injury to or the death of a person or damage to the property of any person to the apparent extent of \$1,000 or more. *Id.* § 550.061 (operator's accident report), .062 (officer's accident report). An accident report is privileged and for the confidential use of the Texas Department of Transportation or a local governmental agency of Texas that has use for the information for accident prevention purposes. *Id.* § 550.065(b). However, a governmental entity shall release an accident report in accordance with subsections (c) and (c-1). *Id.* § 550.065(c), (c-1). Section 550.065(c) provides a governmental entity shall release an accident report to a person or entity listed under this subsection. *Id.* § 550.065(c). Here, the requestor is a person listed under section 550.065(c). Thus, the department must release the accident report to the requestor pursuant to section 550.065(c) of the Transportation Code.

Section 552.130 of the Government Code provides information relating to a motor vehicle operator's license, driver's license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is excepted from public release.⁴ *See* Gov't Code § 552.130. We note section 552.130

⁴The Office of the Attorney General will raise a mandatory exception on behalf of a governmental body, but ordinarily will not raise other exceptions. *See* Open Records Decision Nos. 481 (1987), 480 (1987), 470 (1987).

protects privacy interests. Accordingly, the requestor has a right of access to her client's motor vehicle record information pursuant to section 552.023 of the Government Code, and it may not be withheld from her under section 552.130. *See id.* § 552.023(a); ORD 481 at 4. Accordingly, with the exception of the motor vehicle record information belonging to the requestor's client, the department must withhold visible license plates and registration stickers in the remaining information under section 552.130 of the Government Code.

In summary, as the requestor did not properly request the body worn camera recordings at issue pursuant to chapter 1701 of the Occupations Code, our ruling does not reach this information, and the department need not release it in response to this request for information. With the exception of the information we marked for release, we conclude the department must withhold the information in Exhibit 3 under section 552.101 of the Government Code in conjunction with section 143.1214 of the Local Government Code. The department must release the accident report to the requestor pursuant to section 550.065(c) of the Transportation Code. With the exception of the motor vehicle record information belonging to the requestor's client, the department must withhold visible license plates and registration stickers in the remaining information under section 552.130 of the Government Code. The department must release the remaining information.⁵

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. ⁵ As noted above, the requestor has a special right of access to some of the information being released in this instance. *See* Gov't Code § 552.023(a); ORD 481 at 4. Because such information is confidential with respect to the general public, if the department receives another request for this information from a different requestor, the department must again seek a ruling from this office.
