

**KEN PAXTON**  
ATTORNEY GENERAL OF TEXAS

March 30, 2020

Ms. Jennifer Burnett  
Senior Attorney & Public Information Coordinator  
The University of Texas System  
210 West 7th Street  
Austin, Texas 78701-2901

OR2020-09595

Dear Ms. Burnett:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 819832 (OGC Ref. No. 194650).

The University of Texas at Arlington (the "university") received a request for information pertaining to the university's animal use program. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information protected by other statutes, such as section 161.032 of the Health and Safety Code, which provides, in relevant part:

(a) The records and proceedings of a medical committee are confidential and not subject to court subpoena.

...

(c) Records, information, or reports of a medical committee, medical peer review committee, or compliance officer and records, information, or reports provided by a medical committee, medical peer review committee, or compliance officer to the governing body of a public hospital, hospital district, or hospital authority are not subject to disclosure under [the Act].

Health & Safety Code § 161.032(a), (c). For purposes of this confidentiality provision, a medical committee “includes any committee, including a joint committee, of . . . a hospital [or] a medical organization [or] a university medical school or health science center [or] a hospital district[.]” *Id.* § 161.031(a). Section 161.0315 provides that “[t]he governing body of a hospital, medical organization, university medical school or health science center, . . . [or] hospital district . . . may form . . . a medical committee, as defined by [s]ection 161.031, to evaluate medical and health care services[.]” *Id.* § 161.0315(a).

The precise scope of the “medical committee” provision has been the subject of a number of judicial decisions. *See, e.g., Memorial Hosp.—The Woodlands v. McCown*, 927 S.W.2d 1 (Tex. 1996); *Barnes v. Whittington*, 751 S.W.2d 493 (Tex. 1988); *Jordan v. Fourth Supreme Judicial Dist.*, 701 S.W.2d 664 (Tex. 1986). These cases establish “documents generated by the committee in order to conduct open and thorough review” are confidential. This protection extends “to documents that have been prepared by or at the direction of the committee for committee purposes.” *Jordan*, 701 S.W.2d at 647-48. Protection does not extend to documents “gratuitously submitted to a committee” or “created without committee impetus and purpose.” *Id.*; *see also* Open Records Decision No. 591 (1991) (construing statutory predecessor to section 161.032). Additionally, we note section 161.032 does not make confidential “records made or maintained in the regular course of business by a hospital[.]” Health & Safety Code § 161.032(f); *see also McCown*, 927 S.W.2d at 10 (stating reference to statutory predecessor to section 160.007 of the Occupations Code in section 161.032 is clear signal records should be accorded same treatment under both statutes in determining if they were made in ordinary course of business). The phrase “records made or maintained in the regular course of business” has been construed to mean records that are neither created nor obtained in connection with a medical committee’s deliberative proceedings. *See McCown*, 927 S.W.2d at 9-10.

You inform us the submitted information consists of records of the university’s Institutional Animal Care and Use Committee (the “IACUC”). You assert the IACUC is a medical committee and the submitted information is confidential under section 161.032 as records of a medical committee. You state the IACUC is charged with “certifying that all research utilizing animal subjects, or using animal derived materials, conforms to principles and/or regulations enunciated by the [u]niversity, the Department of Health and Human Services, and the U.S. Department of Agriculture.” Based upon your representations and our review, we agree the IACUC constitutes a medical committee as defined by section 161.032. Further, you state the information was created by or at the direction of the IACUC for committee purposes. Based upon your representations and our review, we find the submitted information consists of records of a medical committee. Thus, the submitted information must be withheld under section 552.101 of the Government Code in conjunction with section 161.032 of the Health and Safety Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and

responsibilities, please visit our website at <https://www.texasattorneygeneral.gov/open-government/members-public/what-expect-after-ruling-issued> or call the OAG's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Public Information Act may be directed to the Cost Rules Administrator of the OAG, toll free, at (888) 672-6787.

Sincerely,

Alexandra C. Burks  
Attorney
