Texas Board of Nursing

OR2020-09598

Dear Ms. Liwanag:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 819554 (BON Ref. No. 20-13).

The Texas Board of Nursing (the "board") received a request for the original complaint pertaining to a named nurse. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses section 301.466 of the Occupations Code, which provides, in part, as follow:

- (a) A complaint and investigation concerning a nurse under this subchapter[,] all information and material compiled by the board in connection with the complaint and investigation, and the information described by Subsection (d) are:

(1) confidential and not subject to disclosure under [the Act]; and

(2) not subject to disclosure, discovery, subpoena, or other means of legal compulsion for release to anyone other than the board or a board employee or agent involved in license holder discipline.

(b) Notwithstanding Subsection (a), information regarding a complaint and an investigation may be disclosed to:

(1) a person involved with the board in a disciplinary action against the nurse;

(2) a nursing licensing or disciplinary board in another jurisdiction;

(3) a peer assistance program approved by the board under Chapter 467, Health and Safety Code;

(4) a law enforcement agency; or

(5) a person engaged in bona fide research, if all information identifying a specific individual has been deleted.

(c) The filing of formal charges against a nurse by the board, the nature of those charges, disciplinary proceedings of the board, and final disciplinary actions, including warnings and reprimands, by the board are not confidential and are subject to disclosure in accordance with [the Act].

Occ. Code § 301.466(a)-(c). The board states it created or compiled Attachment B as part of an investigation it conducted. Based on these representations, we agree Attachment B is confidential under section 301.466(a). The board represents the requestor is not entitled to receive the submitted information under section 301.466(b) of the Occupations Code, and the information does not fall under section 301.466(c). Accordingly, we conclude the board must withhold Attachment B under section 552.101 of the Government Code in conjunction with section 301.466(a) of the Occupations Code.
