Dear Mr. Kopp:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 819905 (ORR# W300781).

The San Antonio Police Department (the "department") received a request for case number SAPD-2020-0016155. The department claims some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception the department claims and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 of the Government Code encompasses chapter 772 of the Health and Safety Code, which authorizes the development of local emergency communication districts. Section 772.218 of the Health and Safety Code is applicable to emergency 9-1-1 districts established in accordance with chapter 772. *See* Open Records Decision No. 649 (1996). This section makes the originating telephone numbers and addresses of 9-1-1 callers furnished by a service supplier confidential. *Id.* at 2. Section 772.218 applies to an emergency communication district for a county with a population of more than 1.5 million. The department states it is part of an emergency communication district established under section 772.218 of the Health and Safety Code. Upon review, we conclude the department must withhold the telephone number it marked under section 552.101 of the Government Code in conjunction with section 772.218 of the Health and Safety Code if the number consists of the originating telephone number furnished by a 9-1-1 service supplier. If the marked information does not consist of the originating telephone number provided by a 9-1-1 service supplier, it may not be withheld under section 552.101 in conjunction with section 772.218.

Section 552.101 of the Government Code also encompasses information protected by section 730.004 of the Transportation Code, which provides “an agency may not disclose personal information about any person obtained by the agency in connection with a motor vehicle record.” Transp. Code § 730.004. “Personal information” means “information that identifies a person,” and includes a person’s photograph, social security number, driver identification number, name, address but not zip code, telephone number, or medical and disability information. *Id.* § 730.003(6). The Texas Department of Public Safety (“DPS”) is an “agency” for purposes of chapter 730. *See id.* § 730.003(1) (“agency” is state agency that compiles or maintains motor vehicle records). The department states some of the remaining information, which it marked, consists of records that were obtained by the department from DPS. *See id.* § 730.007(a)(2)(A)(i) (personal information may be disclosed to government agency in carrying out its functions). An authorized recipient of personal information may not re-disclose the personal information and to do so is a misdemeanor offense. *Id.* § 730.013(a), (d). Accordingly, the department must withhold the driver identification numbers, names, addresses but not zip codes, and medical or disability information of the individuals in the marked information the department received from DPS under section 552.101 of the Government Code in conjunction with sections 730.004 and 730.013 of the Transportation Code. However, the remaining information the department marked is not confidential under section 730.004 or 730.013 of the Transportation Code and the department may not withhold that information under section 552.101 of the Government Code on that basis.

We note some of the remaining information is subject to section 552.130 of the Government Code.¹ Section 552.130 provides information relating to a motor vehicle operator’s license, driver’s license, motor vehicle title or registration, or personal identification document issued by an agency of this state or another state or country is excepted from public release. *See Gov’t Code* § 552.130. Accordingly, the department must withhold the motor vehicle record information we marked under section 552.130 of the Government Code.

In summary, the department must withhold the telephone number it marked under section 552.101 of the Government Code in conjunction with section 772.218 of the Health and Safety Code if the number consists of the originating telephone number furnished by a 9-1-1 service supplier. The department must withhold the driver identification numbers, names, addresses but not zip codes, and medical or disability information of the individuals in the marked information the department received from DPS under section 552.101 of the Government Code in conjunction with sections 730.004 and 730.013 of the Transportation Code. The department must withhold the motor vehicle record information we marked under section 552.130 of the Government Code. The department must release the remaining information to this requestor.²

² We note the requestor has a right of access to some of the information being released. *See* Gov’t Code § 552.023(a) (governmental body may not deny access to person to whom information relates or person’s agent on ground that information is considered confidential by privacy principles); Open Records Decision No. 481 at 4 (1987) (privacy theories not implicated when individuals request information concerning
