Dear Ms. Tynan:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 820071 (OGC No. 194471).

The University of Texas at Dallas (the "university") received a request for minutes pertaining to six specified meetings and two most recent semi-annual reports pertaining to the university's animal use program. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses section 161.032 of the Health and Safety Code, which provides, in relevant part, the following:

(a) The records and proceedings of a medical committee are confidential and are not subject to court subpoena.

...

(c) Records, information, or reports of a medical committee, medical peer review committee, or compliance officer and records, information, or reports provided by a medical committee, medical peer review committee, or compliance officer to the governing body of a public hospital, hospital district, or hospital authority are not subject to disclosure under [the Act].

...

(f) This section and Subchapter A, Chapter 160, Occupations Code, do not apply to records made or maintained in the regular course of business by a hospital, health maintenance organization, medical organization, university medical center or health science center, hospital district, hospital authority, or extended care facility.

Health & Safety Code § 161.032(a), (c), (f). For purposes of this confidentiality provision, a “medical committee” includes any committee, including a joint committee, of “a university medical school or health science center[.]” *Id.* § 161.031(a). Section 161.0315(a) provides the governing body of a university medical school or health science center may form a medical committee, as defined by section 161.031 of the Health and Safety Code, to evaluate medical and health care services. *Id.* § 161.0315(a).

The precise scope of the “medical committee” provision has been the subject of a number of judicial decisions. *See, e.g., Memorial Hosp.—The Woodlands v. McCown*, 927 S.W.2d 1 (Tex. 1996); *Barnes v. Whittington*, 751 S.W.2d 493 (Tex. 1988); *Jordan v. Fourth Supreme Judicial Dist.*, 701 S.W.2d 644 (Tex. 1986). These cases establish that “documents generated by the committee in order to conduct open and thorough review” are confidential. This protection extends “to documents that have been prepared by or at the direction of the committee for committee purposes.” *Jordan*, 701 S.W.2d at 647-48. Protection does not extend to documents “gratuitously submitted to a committee” or “created without committee impetus and purpose.” *Id.* at 648; *see also* Open Records Decision No. 591 (1991) (construing, among other statutes, statutory predecessor to section 161.032).

You state the submitted information consists of records of the university’s Institutional Animal Care Use Committee (the “IACUC”). You explain the IACUC is a medical committee that is charged with certifying all research utilizing animal subjects or animal derived materials conforms to the prescribed principles and regulations. Based on these representations, we agree the IACUC is a “medical committee” for purposes of section 161.031. Thus, the university must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 161.032 of the Health and Safety Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
